Your Year 6 planner - week 4

Welcome to our summer term timetables. Following feedback from you, and our team of working parents, we've simplified these to make them easier to follow and to help fit around your daily schedules. We hope you find them useful to help your children continue learning in a fun way!

- **Balance your family schedules** - we've suggested core learning of English and maths in the morning but if that's when you need to work, switch it around. Or, balance the day with English in the morning and maths in the afternoon.

- **Lesson duration**

  As a guide we'd expect each lesson to last: Reception: 30 mins; Years 1 and 2: 45 mins and Years 3 to 6: 1 hour.

- **Build in work from school** - choose what to swap out from the timetable with lessons provided by your child's school. You could even share this timetable with your school to help everyone!

- **Theme your week** - for fun activities and games outside key learning windows, a theme will help give some focus to creative time!

- **Establish a routine** - once you've found timings that work, try and stick to it as it will manage expectations and provide security.

- **Print or draw it out** - so everyone can see it and feel involved.

- **If it's not working, try again tomorrow** - Although continuing your child's learning is important, we don't expect every child to do every learning activity every day. At this time, we know it's equally important to enjoy time with our children - playing, baking, painting, reading, and sometimes just enjoying doing nothing!

Tips for linking to ActiveLearn Primary

You should have received login details for ActiveLearn Primary to access our Bug Club reading and Abacus maths games. You will find all this fantastic content in My Stuff. Also take a look at our **'How to use ActiveLearn Primary' document**.

If you haven't received your login details or need help, please **contact our UK based customer support team**.
