To Shareholders
24 March 2014

Dear Shareholder

I am writing to give you details of the business which will be conducted at the Annual General Meeting (AGM or the meeting) of Pearson plc (Pearson or the company) to be held at 8 Northumberland Avenue, London WC2N 5BY at 12 noon on Friday, 25 April 2014.

Voting on all of the proposed resolutions at the AGM will be conducted on a poll rather than on a show of hands. Voting on a poll is more transparent and equitable because it includes the votes of all shareholders, including those cast by proxies, rather than just the votes of those shareholders who attend the meeting.

Shareholders of the company (shareholders) will be asked to consider and, if thought fit, approve resolutions in respect of the following matters:

**Ordinary business**

The company’s accounts and reports of the directors of the company (directors) and the auditors of the company (auditors);

The final dividend for the year ended 31 December 2013;

Re-election and reappointment of directors;

Approval of the directors’ remuneration policy;

Approval of the annual remuneration report for the year ended 31 December 2013;

Reappointment of PricewaterhouseCoopers LLP (PwC) as auditors for the ensuing year;

Authority to determine the remuneration of the auditors; and

Authority to allot shares.

**Special business**

Waiver of pre-emption rights in certain circumstances;

Authority for the company to purchase its own shares;

Approval of a 14-day notice period for general meetings in accordance with the Companies (Shareholders’ Rights) Regulations 2009 (the Shareholder Rights Regulations) and the company’s Articles of Association (articles); and

Extension of the Worldwide Save for Shares Plan.

A brief description of these matters is set out below.

**Notice of AGM**

The notice convening the AGM is set out on pages 8 and 9 of this document (the notice).

**Report and accounts and final dividend (resolutions 1 and 2)**

The first resolution at the AGM relates to the receipt and consideration of the company’s accounts and the reports of the directors and the auditors for the financial year ended 31 December 2013.

Separately, shareholders will also be asked to approve the payment of a final dividend of 32p per ordinary share in respect of the year ended 31 December 2013, as recommended by the directors.

If the recommended final dividend is approved, it is proposed that the dividend will be paid on 2 May 2014 to shareholders on the company’s register of members at the close of business on 4 April 2014 (the record date).

**Re-election and reappointment of directors (resolutions 3 to 11)**

In accordance with the UK Corporate Governance Code (the Code), all of the directors being eligible will offer themselves for re-election at the AGM. The re-election of directors will take effect at the conclusion of the meeting.

Following the evaluation exercise conducted during the year ended 31 December 2013, as chairman, I believe that the contribution and performance of each of the directors continues to be valuable and effective and that it is appropriate for them to continue to serve as directors of the company. In accordance with the Code, the board has reviewed the independence of its non-executive directors and has determined that they remain fully independent of management and that there are no relationships or circumstances likely to affect their character or judgement.

Biographical details for each of the directors offering themselves for re-election or reappointment are set out on the following pages:

Directors’ remuneration policy report (the policy) and the annual remuneration report (resolutions 12 and 13)

The company considers that a successful remuneration policy should reward both short- and long-term results and should be linked with the company’s strategy and performance. Shareholders are invited to approve the policy and, separately, approve the annual remuneration report.

The policy sets out the company’s forward-looking policy on directors’ remuneration and is subject to a binding shareholder vote. The policy describes the components of the executive and non-executive directors’ remuneration. A copy of the policy is available on pages 81 to 92 of the company’s annual report and accounts and on the website at www.pearson.com.

If resolution 12 is passed, the policy will take effect from 25 April 2014 (the effective date) and, from that time, the company may not make a remuneration payment or payment for loss of office to a person who is, is to be, or has been a director of the company unless that payment is consistent with the policy, or such payment has otherwise been approved by a shareholder resolution.

The directors are required to seek shareholder approval for the company’s remuneration policy at least every three years, except in the event that a change to the policy is proposed or the advisory vote on the directors’ annual remuneration report is not passed in any year subsequent to the approval of the policy, in which case an earlier vote would be required. This timing complies with the recommendation of shareholder representatives and the relevant legislation.

The annual remuneration report, for which approval will be sought under resolution 13, provides details of the remuneration paid to the directors during the year ended 31 December 2013, including share awards and payments for loss of office. It also gives details of the way in which the company will implement the policy in its first year.

The vote on the annual remuneration report is advisory in nature, meaning that payments already made to directors will not have to be repaid in the event that the resolution is not passed.
**Auditors (resolutions 14 and 15)**

Resolutions will be proposed to reappoint PwC as auditors until the conclusion of the AGM in 2015 and to authorise the directors to determine the remuneration of the auditors.

**Directors’ authority to allot shares (resolution 16)**

Further to the provisions of section 551 of the Companies Act 2006 (the Act), shareholders will be asked to grant the board of directors the authority to allot shares, grant rights to subscribe for shares, or convert any security into shares in the company (the new authority). The new authority would be valid until the close of the AGM in 2015.

If passed, the new authority would be limited to up to 273,012,604 ordinary shares (representing approximately 33.3% of Pearson’s issued ordinary share capital as at 4 March 2014) save that, if the new authority were used in connection with a rights issue, it would be limited to up to 546,025,208 ordinary shares (representing approximately 66.6% of Pearson’s issued share capital as at 4 March 2014).

In each case the number of shares to which the new authority applies is in addition to those committed to the various share option and employee share plans. At the date this document was approved by the board, the directors had no intention to exercise this authority, although they considered its grant to be appropriate in order to preserve maximum flexibility for the future. The directors intend to seek the approval of shareholders to renew this authority annually.

**Waiver of pre-emption rights (resolution 17)**

A resolution will also be proposed to waive (under the provisions of section 570 of the Act) the statutory pre-emption provisions applicable to the allotment of equity securities for cash contained in section 561 of the Act for a period ending at the close of the AGM in 2015.

Accordingly, resolution 17 proposes that authority is granted to the board to issue equity securities for cash consideration either (i) by way of a rights or other pre-emptive issue or (ii) by way of a non-pre-emptive issue, in the latter case limited to a total of 40,951,890 ordinary shares, representing approximately 5% of Pearson’s issued ordinary share capital as at 4 March 2014. This resolution is conditional on resolution 16 being passed.

At the date this document was approved by the board, the directors had no intention to exercise this authority, although they considered its grant to be appropriate in order to preserve maximum flexibility for the future. The directors intend to comply with the Pre-Emption Group’s Statement of Principles in relation to the cumulative three year cap regarding non-pre-emptive issues for cash. The directors intend to seek the approval of shareholders to renew this authority annually.

**Authority to purchase own shares (resolution 18)**

As in previous years, shareholders will be asked to authorise the market purchase by Pearson of a proportion of its issued ordinary share capital, subject to the limits referred to below.

The directors consider it prudent to be able to act at short notice if circumstances warrant. In considering the purchase of ordinary shares, the directors will follow the procedures laid down in the Act and will take into account cash resources, capital requirements and the effect of any purchase on gearing levels and on earnings per equity share. They will only consider exercising the authority when satisfied that it would be in the best interests of the company and its shareholders as a whole to do so, having first considered any other investment opportunities open to the company.

Any purchase by the company of its own shares pursuant to this authority will be paid for out of distributable profits. Any shares which are repurchased will be dealt with in accordance with section 724 of the Act. The company is entitled to hold the shares as treasury shares, sell them for cash, cancel them or transfer them pursuant to an employee share plan. The authority, which will expire at the close of the AGM in 2015, will be limited to the purchase of 81,903,781 ordinary shares, representing approximately 10% of Pearson’s issued ordinary share capital as at 4 March 2014. The maximum price (excluding expenses) to be paid per ordinary share on any occasion will be restricted to the higher of (i) 105% of the average of the middle market quotations of an ordinary share of the company derived from the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the ordinary share is contracted to be purchased and (ii) an amount equal to the higher of the price of the last independent trade of an ordinary share and the highest current bid for an ordinary share as derived
from the London Stock Exchange Trading System. The minimum price will be 25p per ordinary share.

Shareholders should understand that the maximum number of shares and the price range are stated merely for the purposes of compliance with statutory and Financial Conduct Authority (FCA) requirements in seeking this authority and should not be taken as any indication of the terms upon which the company intends to make such purchases. At the date this document was approved by the board, the directors had no intention to exercise this authority.

The company’s issued share capital as at 4 March 2014 (the latest practicable date prior to the publication of this document) was 819,037,812 ordinary shares of 25p each. The total number of options to subscribe for ordinary shares which were outstanding as at 4 March 2014 was approximately 2.57 million, which represents approximately 0.31% of the issued share capital of the company at that date. If the maximum number of 81,903,781 shares were to be purchased by the company (under resolution 18), the adjusted issued share capital would be 737,134,031 and the options outstanding would represent approximately 0.35% of the adjusted issued share capital.

Notice of Meetings (resolution 19)

Although our articles already grant the company the authority to call general meetings (other than annual general meetings) on 14 days’ notice, under the Shareholder Rights Regulations this authority is required to be approved by shareholders annually, otherwise a minimum of 21 days’ notice must be given. The directors believe it is in the best interests of the company and its shareholders as a whole to preserve the shorter notice period. However, the flexibility offered by this resolution will not be used as a matter of routine for general meetings, but only where, taking into account all the circumstances, the directors consider this appropriate in relation to the business to be considered at the meeting.

Extension of Worldwide Save for Shares Plan (resolution 20)

For many years, Pearson has been a market leader in encouraging share ownership by employees at all levels. Over the years, the company has received recognition from ifsProshare, the Global Equity Organisation and the Employee Share Ownership Centre.

Since 1982, Pearson has encouraged employees to become shareholders via savings-related share option arrangements. This enables employees to purchase ordinary shares at a favourable price, using the proceeds of a savings account to which they make monthly contributions for a three or five-year period. These arrangements were originally introduced for UK employees, but have for many years been operated on a worldwide basis – Pearson’s Worldwide Save for Shares Plan (the plan). The plan is operated in the UK as an HM Revenue & Customs approved savings-related share option plan (the UK plan). The UK plan was last renewed by shareholders in 2004 on terms which also authorised the directors to implement equivalent arrangements for employees based outside the UK. The plan now operates in over 80 countries worldwide.

The plan now requires renewal. As the underlying UK legislation has not changed materially, Pearson is proposing to extend the life of the existing UK plan by a further ten years, until the AGM in 2024. In addition, Pearson wishes to renew the directors’ authority to continue to operate equivalent arrangements for non-UK employees. The company is taking this opportunity to increase the savings limit for the UK plan (which forms the basis of the plan in the rest of the world outside the US) from £250 to £500 per month.

The qualified US employee stock purchase plan continues to operate for Pearson’s US employees. Resolution 20 on page 9 sets out the relevant resolution which shareholders will be invited to approve at the AGM.

Annual General Meeting

The resolutions referred to in this letter are included in the notice of AGM set out on pages 8 to 9 of this document. In order to register your vote online you will need to enter the Voting I.D., Task I.D. and Shareholder Reference Number which are given on the enclosed form of proxy. If you are a member of CRESTM, you may register the appointment of a proxy.
by using the CREST electronic proxy appointment service. Further details are contained in the notes to the notice of AGM and in the form of proxy.

APPENDIX

The Pearson plc Worldwide Save for Shares Plan

Pearson plc (the company) wishes to obtain approval for the renewal of the Worldwide Save for Shares Plan (the plan). The plan was first approved by shareholders in 1982 and was last renewed in 2004. It is proposed to extend the life of the plan until the AGM in 2024.

The following paragraphs summarise the main features of the plan in the form in which it will be renewed.

The plan is operated in the UK as an HM Revenue & Customs (HMRC) approved savings-related share option scheme (the UK plan). The UK plan provides for eligible employees of companies in the Pearson group who enter into a save-as-you-earn contract (a savings contract) to be granted an option to acquire ordinary shares in the company. The price, which will be determined by the directors of the company (directors), may not be less than the higher of (i) 80 per cent of the middle-market quotation for such shares as derived from the London Stock Exchange Daily Official List for the last but one dealing day preceding the date invitations to apply for options are issued to employees; and (ii) if the shares are to be subscribed on exercise, their nominal value. The number of shares over which an option may be granted is limited to that number of shares which may be acquired at the exercise price out of the repayment proceeds of the relevant savings contract (including any bonus thereon).

A savings contract must be taken out with an appropriate savings body approved by the company for the purposes of the Income Tax (Employment and Pensions) Act 2003 providing for contributions to be made of between £5 and £500 (or such amount as is permitted by legislation from time to time) a month for a period of three or five years. The amount of the monthly contributions may be scaled down by the directors if applications exceed the number of shares available for the grant of options. A bonus may be payable under the savings contract after the three or five year period.

All UK resident employees of companies in the Pearson group are entitled to participate in the UK plan.

Invitations to apply for options may only be issued within six weeks after the announcement of the company’s results for any period. No options may be granted after the AGM in 2024.

Options will normally only be exercisable for a period of six months commencing on the date the bonus is payable and if not exercised by the end of that period will lapse. Options may, however, be exercised earlier than this in certain specified circumstances, including death, or on ceasing employment due to injury, disability, redundancy, or retirement or on the sale of the business or subsidiary for which the employee works; or provided the option has been held for at least three years on ceasing employment following maternity leave. If an employee leaves the Pearson group in other circumstances, their options will lapse. Exercise is allowed in the event of a reconstruction or takeover of the company; alternatively, options may, with the agreement of an acquiring company, be exchanged for options over shares in the acquiring company or a company associated with the acquiring company. Options may also be exercised in the event of the voluntary winding-up of the company. Where options are exercised before the bonus date, the employee may only acquire the number of shares that can be purchased with the accumulated savings up to the date of exercise plus interest (if any).

Options are not transferable and may only be exercised by the persons to whom they are granted or their personal representatives. Benefits under the plan are not pensionable.

No more than an aggregate maximum of 10 per cent of the company’s issued ordinary share capital will be made available for issue under the plan and all other company share plans in any ten year period. This percentage limit does not apply where options are satisfied by a transfer of existing shares.

In the event of any capitalisation or rights issue by the company, or of any consolidation, sub-division, or reorganisation of its share capital, the number of shares subject to an option and the exercise price may be adjusted by its directors with the approval of HMRC, subject to the company’s auditors confirming that such adjustment is, in their opinion, fair and reasonable.

The directors may amend the plan. However, the provisions governing eligibility requirements, equity dilution, individual participation limits and the adjustments that may be made following a rights issue or any other variation of capital cannot be altered to the advantage of eligible employees or participants without the prior approval of shareholders in general meeting (except for minor amendments to benefit the administration of the plan, to take account of a change in legislation or developments in the law affecting the plan or to obtain or maintain favourable tax, exchange control or regulatory treatment for participants in the plan or for any member of the group). In addition, no alteration may be made that would materially affect any subsisting rights of any participants without their prior consent.

Similar arrangements are made available for non-UK employees. Separate plans (involving the grant of conventional share options or stock appreciation rights) are necessary to satisfy local requirements in overseas countries, and because such plans are not subject to various statutory requirements imposed under UK tax legislation. Resolution 20 will also renew the directors’ authority to continue to operate these arrangements for non-UK employees.
