

Online Summer School 2025

Give your students summer freedom and online flexibility.

Your district can offer an innovative summer school option this year that allows your students to stay engaged academically while still enjoying the freedom of summer.

Pearson's Virtual Schools division helps schools and districts offer **online summer school programs** that address students' needs and adapt to family vacation schedules.

Students can explore new interests and build new skills

With more than 100 different online courses to choose from, a Pearson online summer school solution can suit every student's needs. Whether you have high school seniors needing math credits for graduation or parents seeking a summer enrichment activity for their kindergartner, our summer programs can help:

- Original Credit Courses help students satisfy graduation requirements, explore their interests, or accelerate their academic progress.
- High School Credit Recovery Courses allow students to retake courses to earn the credits to move forward and acquire the skills to succeed.
- High School Honors Courses in Grades 9–12 provide students with advanced coursework that awards high school credits that are weighted higher for boosting that GPA.
- Elementary and Middle School Courses offer younger students the opportunity to learn English or Math core concepts, or to learn a new language.

“Rolling” Start and End Dates

Pearson's online summer school courses have great flexibility to fit your district's or school's summer schedule.

- Summer session begins on June 2nd.
- Last day to enroll is June 27th.
- Last day of classes is August 1st.

Offer summer school courses taught by Pearson's expert online instructors.

High School Credit Recovery

These courses help high school students recover credits while focusing on the concepts necessary to keep them on track for graduation. These courses are part of a diagnostic prescriptive academic program that assists students in meeting subject standards by identifying areas of strength and weakness and focusing on standards in which students need greater mastery. Credit recovery courses are not NCAA approved.

All courses are 0.5 credits

Summer Smarts Math and Reading

Expand your K-12 students' skills through a Summer Smarts program. At the beginning of a Summer Smarts program, students are assessed for placement in the academic continuum. Students are then able to progress through the program independently, with individual pathways that maximizes help in the student's area of need. Throughout the summer, students in the program will be invited to participate in weekly hands-on activities for further engagement in math and reading.

Programs

Reading (K-12)

Math (K-12)

K-8 Electives

Your elementary or middle school students can be introduced to Spanish through our online language courses. These innovative courses feature flexibly paced online instruction combined with live practice.

Languages

Elementary Spanish I (Grades 2-5)
Elementary Spanish II (Grades 2-5)
Middle Spanish I (Grades 6-8)
Middle Spanish II (Grades 6-8)

Course lists subject to change. We cannot guarantee specific state certified teachers or curriculum during summer session. Please discuss state specific needs with your sales representative or program manager.
