Secondary Science: Human Anatomy & Physiology

Human Anatomy & Physiology, © 2025

Title Overview

Marieb Human Anatomy & Physiology, 12th edition provides terminology for Anatomy and Physiology, applying knowledge in clinical scenarios, and practicing the critical thinking and problem-solving skills for entry to nursing. This edition builds on previous editions and offers clear connections between concepts.

- **Up-to-date content:** Includes research on mRNA vaccines, localized protein synthesis in neurons, the 4th meningeal membrane, revised developmental pathways, updated hypertension values, the lymphatic system, and the association of specific viruses with diabetes and multiple sclerosis.
- **Clinical case studies:** National Council Licensure Examination (NCLEX)-style questions challenge application of knowledge to realistic clinical scenarios.
- **Visual aids:** Chapter roadmaps provide a visual overview of key concepts and how they relate to each other. Illustrated tables present key information and serve as a study tool. Focus figures simplify complex processes using clear, easy-to-follow illustrations with text explanations.
- **Self-assessments:** Check Your Understanding self-assessment questions include Apply, Predict, What If?, Draw and Make Connections to reinforce understanding of key concepts.

Password: MSAdoptions2025

The Pearson Sample Credentials for this title permit multiple users in multiple locations to review the text and its features simultaneously. As such, these credentials represent all categories of digital access requested (demo, limited, and full access). If this title is selected for adoption, Pearson will provide demo access for the full adoption period and/or provide alternate logins, as needed.

Access Credentials

1. Navigate to:

<https://mlm.pearson.com/>

2. Select “Sign in to your course”

- Enter the credentials:
- Username:
msscienceandcte2025
- Password: MSAdoptions2025
- Select “Sign in”

3. Accessing a Course

- Select the course/title desired by hovering over the title and clicking.
- On the Course Home Screen, choose the materials you want to review.
- To review the Instructor Resources, select “Instructor Resources” from the left menu, then “Launch the Instructor Resources”.
- When selected, a new tab will open.

4. Reviewing the etext

- From the first tab's left menu, select "eTextbook", then "Open Pearson+".
- A new tab will open. Select "Open eTextbook."
- In the eTextbook, use the left menu to explore the AI Study Tool, table of contents, notebook, flashcards, and other features.

5. Reviewing Additional Resources

- From the first tab, use the left menu to explore options under the "Study Area" to view student resources, "Dynamic Study Modules", "Instructor Tools", etc.
- Note:** From the Student view, the course looks like the course seen here, except that the "Modify" buttons are not available, and the "Manage Course", "Assignment Manager", "Instructor Gradebook", "Dynamic Study Modules Reporting", "Instructor Resources", and "Instructor Tools" areas are not available.

6. Guided Platform Walkthrough
