## Reviewers Guide

**Mississippi HQIM Adoption**

Secondary Science: Physical Science

Conceptual Integrated Science, © 2020

## Title Overview

*Conceptual Integrated Science, 3rd edition* is an engaging overview of introductory science that includes biology, physics, chemistry, earth science, and astronomy. This edition is easy to follow and connects key ideas across all sciences using clear explanations and fun, real-world examples.

**Margin notes:** Provides helpful facts and teaching aids.

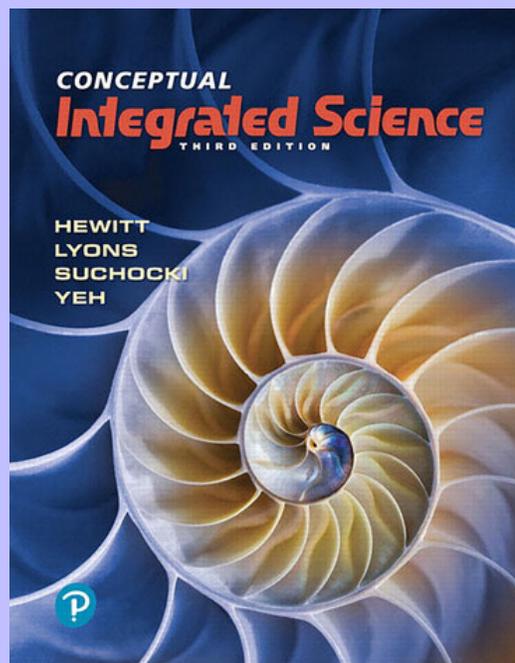

**Flexible content:** Professors can use materials in a way that works for their courses and students.

**Integrated sections:** Link basic science concepts across different subjects using pictures and diagrams.

**Enhanced questions:** Practice what you learned with science questions at the end of each chapter.

**Recent tech advances:** Technology boxes show modern technologies such as clustered regularly interspaced short palindromic repeats (CRISPR) gene editing, wind turbines, and heat-resistant glass products.

**Revised notes:** Provides practical, real-world connections.

*The Pearson Sample Credentials for this title permit multiple users in multiple locations to review the text and its features simultaneously. As such, these credentials represent all categories of digital access requested (demo, limited, and full access). If this title is selected for adoption, Pearson will provide demo access for the full adoption period and/or provide alternate logins, as needed.*

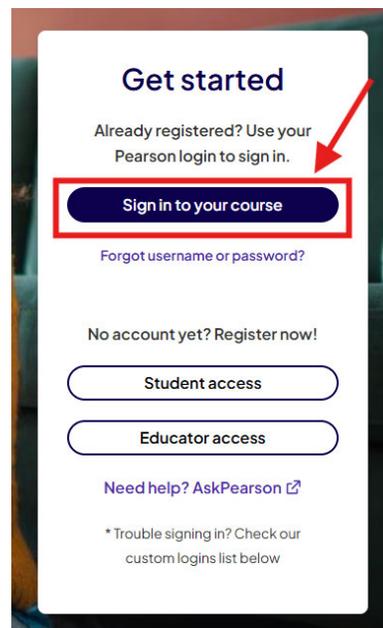

## Access Credentials

1. Navigate to:

<https://mlm.pearson.com/>

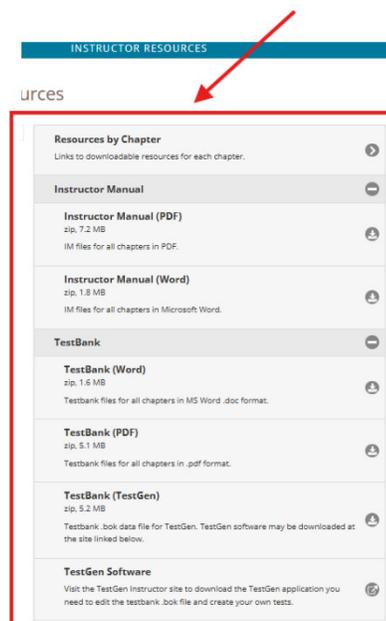

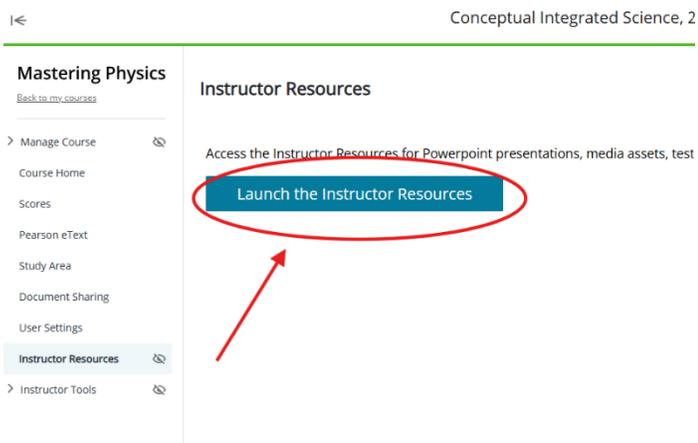

2. Select “Sign in to your course”

- Enter the credentials:
- Username:  
msscienceandcte2025
- Password: MSAdoptions2025
- Select “Sign in”

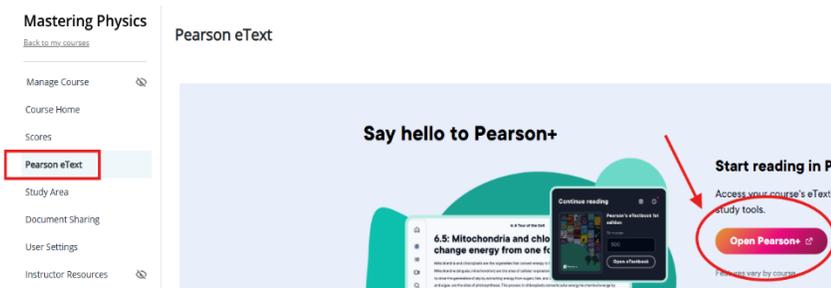

3. Accessing a Course

- Select the course/title desired by hovering over the title and clicking.
- On the Course Home Screen, choose the materials you want to review.
- To review the Instructor Resources, select “Instructor Resources” from the left menu, then “Launch the Instructor Resources”.
- When selected, a new tab will open.

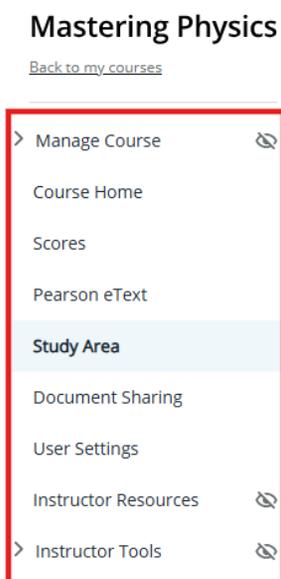

## 4. Reviewing the etext

- From the first tab's left menu, select "Pearson eText", then "Open Pearson+".
- A new tab will open. Select "Open eTextbook."
- In the eTextbook, use the left menu to explore the AI Study Tool, table of contents, notebook, flashcards, and other features.

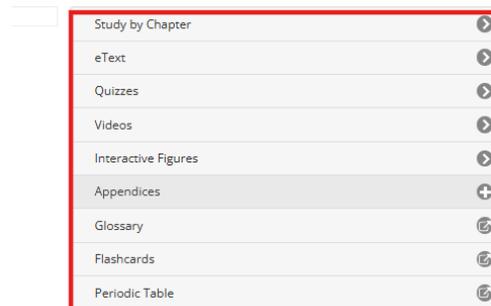

## 5. Reviewing Additional Resources

- From the first tab, use the left menu to explore options under the "Study Area" to view student resources, "Dynamic Study Modules", "Instructor Tools", etc.
- Note:** From the Student view, the course looks like the course seen here, except that the "Modify" buttons are not available, and the "Manage Course", "Instructor Resources", and "Instructor Tools" areas are not available.
