## MyLab<sup>®</sup> with Pearson eText

MyLab<sup>®</sup> with Pearson eText combines trusted content with personalized engagement to deliver meaningful results for high school students. The platform offers a wide range of assignments, quizzes, and tests that are automatically graded, providing immediate feedback to students. This helps students understand their mistakes and learn from them in real time. MyLab<sup>®</sup> uses adaptive learning technology to tailor the learning experience to each student's needs. It identifies areas where students struggle and provides additional practice and resources to help them improve. The Pearson eText is seamlessly integrated into the platform, allowing students to access their textbook online. The eText includes features like highlighting, note-taking, and search functionality to enhance the reading experience. Educators have access to a range of tools to manage their courses, track student progress, and customize assignments. They can also use the platform to communicate with students and provide additional support.

### Key Features

**AI-Powered Study Tool:** Quickly grade handwritten problems. Use the grade-as-you-go rubric to assess performance and provide personalized feedback.

**Dynamic Study Modules:** Engage students with modules that respond to their progress. As they go, learners deepen their grasp of concepts.

**Freehand Grader:** Quickly grade handwritten problems. Use the grade-as-you-go rubric to assess performance and provide personalized feedback.

**Early Alerts:** Reach students before they fall behind. Get data identifying learners in need of extra support.
