Course Title:

Animal Science and Livestock Production

ISBN: 9780135408391

Main Program components: Student Edition Hardcover with six (6) MyLab digitally delivered access codes

Program Description

Animal Science and Livestock Production guides students through the dynamic industry of animal science, preparing them with the skills and knowledge they need to continue their education and pursue successful careers in animal science. Chapters on animal reproduction, genetics, nutrition, and health ensure a deep understanding of the biological aspects of livestock, while sections on handling, behavior, welfare, and anatomy provide practical knowledge.
