The Rules of Thinking 1/E

Richard Templar

ISBN	9781292263809
Category	Personal Development
Format	Paperback
Extent	240pp
Size	216X138

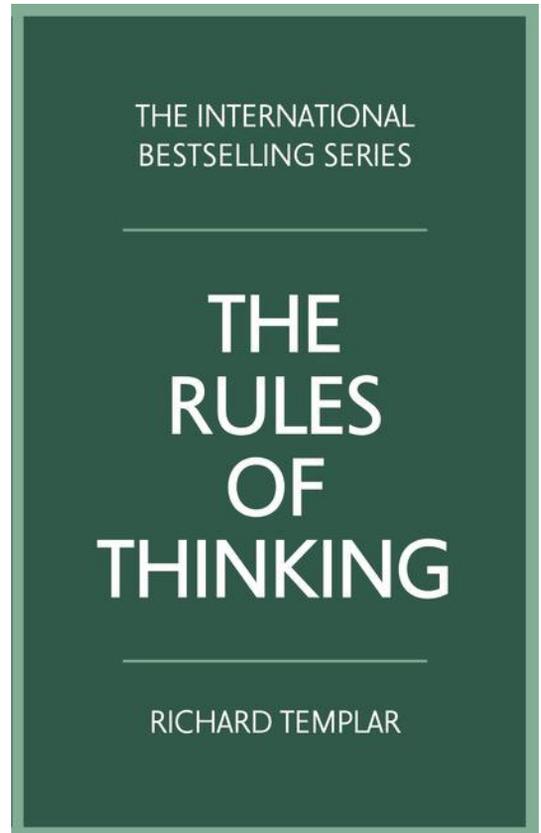

Contents

A BRAND NEW SET OF RULES: DISCOVER HOW TO THINK WELL, MAKE BETTER DECISIONS AND SOLVE PROBLEMS. DISCOVER *THE RULES OF THINKING*.

We all envy the natural thinkers of this world. They have the best ideas, make the smartest decisions, are open minded and never indecisive.

Is there something they know that the rest of us don't? Is it something we can all learn? The answer is a resounding yes. They know *The Rules of Thinking*.

These Rules are the guiding principles that show you how to make wiser decisions, stop procrastinating, know when to compromise, avoid mistakes, find other options, think well with others, stop obsessing about things, keep your brain active, be more creative, and have happy, healthy thoughts. You'll be that person who knows their own mind – in every sense.

REPLENISHMENT

Read This: Business Writing that Works

HOT TOPIC!

Robert Gentle

ISBN	9780273656500
Category	Personal Development
Format	Paperback
Extent	192pp
Size	235x184mm

Contents

Go on, admit it: most of the business documents that cross your desk really test your patience. If you're brave enough, you'll skim through them in an attempt to capture the key points. More often than not, you'll find them or throw them into the bin. That's because most business writing is long, complex and takes forever to get to the point. This is self-defeating as the available reading time is often only a few minutes or less.

In this book, you'll learn to:

- Grab and sustain your reader's attention
- Produce a user friendly layout
- Draw attention to key passages

It's a fundamental set of techniques that you'll be able to apply to all kinds of business writing - letters, e-mails, reports, memos, websites, business plans, forms, sign boards and even graphs. *Read This!* Will demolish many of the enduring myths that many of us hold dear about business writing - for example, that Times New Roman is the best font, that you must always start a letter with Thank you, or that a report must always have a conclusion at the end.

Pearson

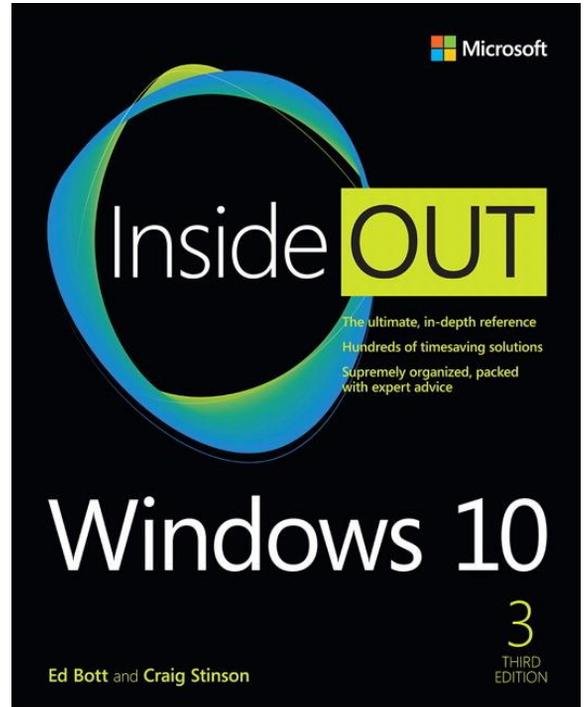

NEW RELEASE

Windows 10 Inside Out

Bott, E

ISBN	9781509307661
Category	Windows
Format	Paperback
Extent	912pp

Contents

Microsoft used to release a new version of Windows every three years or so. With Windows 10, that pace has quickened, with new Windows 10 feature updates arriving every six months. That's why, less than three years after the initial release of *Windows 10 Inside Out*, we're working on an all-new Third Edition for 2019. **Windows 10 Inside Out, 3rd Edition** will include coverage of a long list of new and improved features released in 2018, including the all-new Timeline feature and major changes in Microsoft Edge.

Those new Windows 10 users will be under intense pressure to learn about Windows 10 quickly, and even early adopters will be looking for more up-to-date information sources. **Windows 10 Inside Out, 3rd Edition** will have both groups covered.

The format and page count of this new edition will not change significantly from previous editions. Inside, though, we're revising the content (see the attached chapter outline) to emphasize what's new in recent updates and how to adapt to the faster pace of change in the "Windows as a service" era.

As always, the *Windows 10 Inside Out* audience includes both Windows experts and those who aspire to be experts. The primary focus is on features that individuals can configure and manage on their own devices, but it also includes detailed discussions of tools that consultants and IT professionals can use to manage Windows 10 PCs in business environments.

Pearson

NEW RELEASE

Microsoft Excel 2019 Formulas and Functions

McFedries, P

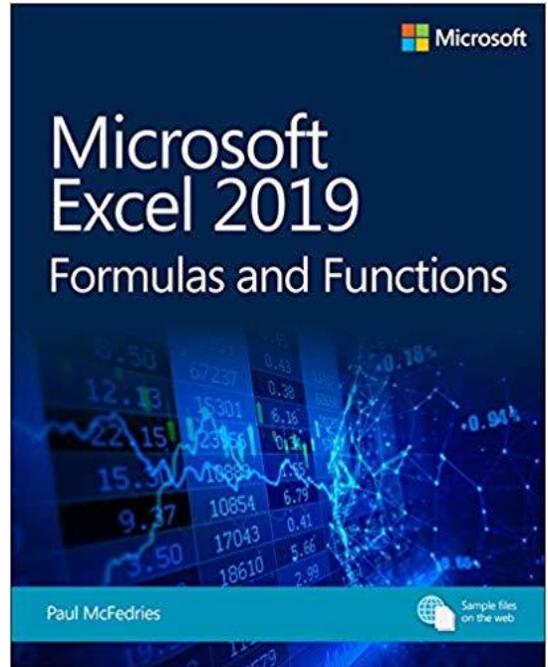

ISBN	9781509306190
Category	Excel
Format	Paperback
Extent	512pp

Contents

Expert Paul McFedries helps you master key Excel 2019 and Office 365 tools for building more powerful spreadsheets. Use Excel 2019 and Office 365 core features to build spreadsheets that solve business problems and deliver reliable answers. Drawing on his unsurpassed experience, Paul McFedries helps you make the most of formulas and functions, including the latest improvements to arrays, formula error handling, and statistics. McFedries' step-by-step projects walk you through handling key tasks, from building timesheets to projecting cash flow and aging receivables. His practical examples and clear instructions demystify intermediate- to advanced-level formula construction, and help you leverage Excel's most useful functions in your everyday work. Becoming an Excel expert has never been easier!

By reading this book, you will:

- Improve business analyses by adding intelligence and knowledge to your models
- Replace cumbersome formulas with convenient predefined functions
- Radically simplify complex calculations with Office 365's new dynamic arrays
- Use conditional formatting to reveal anomalies, problems, or opportunities
- Calculate loan payments, interest costs, terms, and amortization schedules
- Project the future value of investments, and plan to achieve investment goals
- Master essential discounting and cash-flow analysis tools, including net present value and internal rate of return
- Sort, filter, and analyze tabular data, from customers to inventory
- Easily analyze huge data sets with PivotTable calculations
