### MEET YOUR PERFECT DATE

A female friend is on a TV show called "Let's Go on a Date!" There are three men, but your friend cannot see them. Your friend can ask them questions to decide which man she will date. The men's answers are written below. Write the questions your friend asked.

Date 1

1. \_\_\_\_\_

My name is Tommy Cruze.

2. \_\_\_\_\_

No, I'm not an actor. I am a pizza delivery driver.

3. \_\_\_\_\_

February 14. You know, Valentine's Day. But I hate all that romantic stuff.

Date 2

1. \_\_\_\_\_

Bond. James Bond.

2. \_\_\_\_\_

No, I don't live in the United States. I live in England.

3. \_\_\_\_\_

Yes, I do. I have the latest Ferrari. Would you like to come for a drive?

Date 3

1. \_\_\_\_\_

Sure. It's Brad.

2. \_\_\_\_\_

I'm a movie star. You've probably seen one of my movies.

3. \_\_\_\_\_

2705 Glen Dower Avenue, Hollywood Hills ... but don't tell anyone.

Which date above do you think your friend would choose? Why?
