

Master 34: Activity 16 Assessment

Finding Lines of Symmetry

Finding the Line of Symmetry Behaviours/Strategies			
Student does not think the picture is symmetrical.	<div> <div>  </div> </div>	Student divides/folds the picture into two parts without regard to symmetry.	<div> <div>  </div> </div>
Observations/Documentation			
Student divides/folds the picture so its outline matches but ignores the details of the picture.	<div> <div>  </div> </div>	Student finds the line of symmetry, but has difficulty explaining why it is the line of symmetry.	<div> <div>  </div> </div>
			Student finds the line of symmetry and explains how he or she knows it is the line of symmetry with ease.
Observations/Documentation
