## Worksheet B

### To blog – or vlog?

Checking out blogs or vlogs is a good way to get the latest fashion tips on accessories and new styles.

On many blogs, you can see pictures of fashionable looks, celebrity style, videos with advice and sometimes you can even submit your own blog post. Not a writer? It doesn't matter. ☐

Some blogs have style advisors that can help you choose a style you feel confident in or can help you if you feel you dress too ordinary. It might be a new hairstyle, a nice suit or just clothes that are the best colour for you. ☐

If you don't like to stand out in a crowd, you can wear colours like black or white. ☐

Blogs sometimes even recommend clothes exchanges for people who prefer to save money. This means people give you clothes they don't want, and you give them clothes you don't want. ☐
