Welcome to the new edition of our best-selling, eight-level general English course for adults, designed for in-class, online and hybrid use. Developed in partnership with BBC Studios, *Speakout 3rd Edition* is the go-to course for teachers looking for comprehensive four-skills coverage, with a particular emphasis on developing learners' confidence in speaking.

Speakout 3rd Edition is the result of extensive research with users of *Speakout 2nd Edition* from around the world. It builds on the tried-and-tested methodology of the series, but has been brought up to date with 100% new content, a revised syllabus based on the Global Scale of English and a fresh new look and feel. With a clearer layout and lesson flow, and an enhanced digital environment offering even more flexibility, the new edition Presentation Tool and Student's eBook can be used on any device – computer, tablet and mobile phone – and all activities from the eBook and the Online Practice report to the gradebook.

We have kept the features that teachers say they love, including global topics, authentic BBC video and audio, international accents and motivating discussion questions, and we have added some exciting new features, such as Future Skills focus boxes, standalone Mediation lessons, an enhanced pronunciation syllabus, and interactive speaking practice activities which provide students with out-of-class, on-the-go speaking practice.

Speakout 3rd Edition features all-new BBC programme clips, street interviews, and vlogs filmed by people from around the world, all of which bring authenticity to the course and encourage students to be more motivated and confident in learning English. The Global Scale of English is embedded in the course, making it clear for learners and teachers why they are doing every task as well as providing a tangible framework for assessment and measurement of progress. 'How to ...' lessons and Future Skills boxes bring real-world strategies into the course, meaning that employability and personal growth are embedded within the lesson content. There are also independent Mediation lessons at the back of every Student's Book from A2 to C1–C2 to further develop learners' soft and employability skills. The course is also mapped to the Adult Benchmark Tests, which provide clear, at-a-glance reporting, helping learners become more purposeful about their learning, and to Pearson English International Certificate, which is for learners wishing to take a test that gives them a proficiency certificate.

Accessibility is of paramount importance for *Speakout 3rd edition*, as we are committed as a company to providing education which is available to all. We offer extensive support for learners with many different accessibility needs, such as:

The Global Scale of English

The GSE is a numerical scale which measures English language proficiency. It is also a framework of Learning Objectives that describes what a student can do at every level of proficiency on the scale for each of the four skills: listening, reading, speaking and writing. The GSE enables teachers and learners to answer the following questions accurately:

- How good is my English?
- What progress have I made towards my learning goal?
- What do I need to do next to improve?

It is fully aligned to the Common European Framework of Reference for Languages (CEFR), but the numerical scale enables proficiency to be measured more accurately, more regularly and within a CEFR level. This keeps learners motivated as they see regular evidence of progress.

GSE helps teachers to find the right course materials for the exact level and learning goals of their students. The chart below shows the range of objectives that are covered within the content. Knowing this helps you select course materials with the right level of support and challenge for your learners to help them make progress.

Speakout 3rd edition has been created using the GSE Learning Objectives for Adult Learners. These have been used to ensure that the content and activities are at the correct level and have informed the lesson goals given at the start of each unit.

For each learning objective we indicate whether a statement is from the original CEFR or newly created by Pearson English:

(C)	Common European Framework descriptor, verbatim, © Council of Europe
(C _A)	Common European Framework descriptor, adapted or edited, © Council of Europe

Measuring proficiency using the Global Scale of English

The GSE underpins everything we create at Pearson English, including coursebooks and assessments.

By using our Benchmark assessments alongside *Speakout 3rd edition*, you will be able to see the progress being made by students during their course of study. You will also receive rich score reports which identify strengths and areas for improvement along with recommendations on how to address these areas using *Speakout 3rd edition*. For this level of *Speakout 3rd edition*, we recommend English Benchmark Test B1.

Your students may also want to take a test that gives them a proficiency certificate. For this level of *Speakout 3rd edition*, we recommend Pearson English International Certificate (PTE General) Level 2 (B1).

Using the information in this teacher booklet

The GSE teacher booklet lists the key Learning Objectives for listening, reading, speaking and writing covered in *Speakout 3rd edition*, unit by unit. There are several ways in which this information can be used:

- This list of Learning Objectives is more complete than the list of learning goals given in the unit opener. On the way to mastering those learning goals, students will practice a number of subskills, which may not be the main focus of the lesson. They will also revisit previous skills that, again, will not necessarily be the main focus of the lesson. The teacher booklet list gives you a more complete picture of what is being studied
- The list can be used to support any reporting that you have to do (e.g., for students or for admin purposes)
- It also allows you to navigate a pathway through the course content for those classes where you do not want to (or do not have the time to) cover everything. The learning objectives enable you to see quickly the language functions that are most relevant to your students

The GSE Teacher Toolkit

This is a free online database that gives you easy access to all the GSE Learning Objectives, GSE Grammar, GSE Vocabulary and the GSE Text Analyzer (to estimate the GSE level of a written text).

Access the database at <https://www.english.com/gse/teacher-toolkit/user/lo>.

The GSE Teacher Toolkit is a searchable database that will save you time when planning lessons:

- Explore GSE Learning Objectives that are at the same level as your coursebook – to make lessons relevant to your particular students or to provide additional practice at the appropriate level of proficiency
- Search the GSE Grammar database to find lesson plans and worksheets that supplement the grammar in your coursebook – as additional or remedial practice
- Examine the GSE Vocabulary database by topic to find additional vocabulary items and phrases
- Cut and paste a reading text into the GSE Text Analyzer to check that it is at the right level of challenge for your students

Speakout and the Global Scale of English

The following tables provide an overview of the GSE learning objectives that underpin each unit. The primary learning objectives are highlighted in **bold**. Where GSE values are shown in *italics* it indicates the GSE values are currently in draft form.

Mediation in *Speakout*

In 2018, the Council of Europe released the **CEFR Companion Volume with New Descriptors** – a set of new Can Do statements to complement the original 2001 publication. A key focus for this new set of descriptors is **Mediation**.

When most people think of Mediation, they either think about disputes (resolving conflict between two parties) or, in the context of language, they think of translation and interpreting. Both are true (and included in the new CEFR descriptors), but the term is used more broadly here to cover spoken and written language functions in which the learner is conveying and interpreting meaning. Mediation descriptors may be new to the CEFR, but mediation itself is not new. It is a common part of everyday language use – making communication possible between people who, for whatever reason, are unable to communicate successfully with each other: they may speak different languages and require a translation, they may not have the same subject knowledge information and need an explanation or simplification, they may not be of the same opinion and need someone to identify common ground. Mediation can also involve written texts – with the reader summarising, paraphrasing or interpreting the information for a different audience.

The following table provides an overview of the Mediation descriptors that are covered in *Speakout 3rd Edition* Student's Book and the Mediation Bank. All of these Mediation descriptors are © Council of Europe, 2018.
