Learning Objective

Can identify camping equipment

Target Language

sleeping bag, tent, poles, pegs, compass, flashlight, first-aid kit, air mattress, air pump

1 What camping words do you know? Can you say them?

- Open books and ask students to look at the story. Ask, *What are we learning today?* Write the lesson objective on the board: *We're talking about camping.*
- Close books. Ask students what English words they know for camping, e.g., *tent, sleeping bag.* Write on board.
- Introduce students to the learning adventure poster. Use this poster with students to help them indicate how confident they feel about the lesson objective, and to show you who may need more help. See page 9 for how to use this with your classes.
- Refer to the learning adventure poster and say, *Great! You are already moving along your learning adventure!*

2 Listen and read. What things do they have?

- Ask students to look at the story frames on page 12. Ask, *What is happening? What are they doing?* (They're arriving at camp.)
- Play the audio. Have students to look at the story in their books and listen.
- Ask comprehension questions: *Who is Hannah?* (the camp leader) *What things do they have?* (Tom has the tent. Felipe has the poles. Maria has the pegs. Flo has the flashlight and compasses.)

3 Listen and say.

- Focus on the words. Play the audio and have students repeat after each word they hear.
- Pair students and put Picture Cards 6–11 and 17–19 up on the board. Number each Card. Have students play a game in pairs. One student says a number. His/Her partner has to say the item, and use it in a descriptive sentence, e.g., *sleeping bag. That sleeping bag is red.* or, *I have a red sleeping bag.*

4 Play the memory game.

- Demonstrate the game with a student. Start by saying, *I went camping and in my tent there was a sleeping bag.* Then ask the student to repeat the sentence and add one more item.

- **Pop Quiz:** Divide students into small groups and ask them to brainstorm a plan for a themed adventure camp (e.g., *cooking camp, basketball camp, acting camp, music camp*). Students write a list of things the campers would need. They can also draw a picture for each item. Invite students to present their plans to the class.
- Direct students' attention to the fence card on page 12. Tell students to go online to the Poptropica English Island Adventure Game and find the item. Once students click on it, they are taken to a supplementary language task.

Lesson 2 SB page 13 or Poptropica English World

Learning Objective

Can talk about what people *like/don't like/are good at doing*

Warm-up

- Have a nationality spelling bee, using pictures of flags. Review the names of countries.
- Open books and ask students to look at the activities and the Look! box. Ask, *What are we learning today?* Write the lesson objective on the board: *We're talking about what people like/don't like/are good at doing.*
- With books closed, elicit the names of the main characters and where they are. (*Hannah, Tom, Flo, Maria, and Felipe. They are at the adventure camp.*) Explain the meaning of *adventure camp*.

5 Listen and read. Then circle T = True or F = False.

- Focus students' attention on the structures in the Look! box and play the audio (track A:09). Students repeat chorally.
- Play the audio and have students follow.
- Give students time to read the four paragraphs.
- Pair students and have them go over the five statements together and decide if they are true or false. Have students write correct statements for those that are false. Check answers, and elicit the correct statements for the "false" ones (1 *Tom can swim, but he can't surf.* 5 *Felipe has three brothers.*)
- Ask students to look at the structures in the Look! box again and find which other word we can use instead of *love (like)*. Check that they remember to add "s" to *love/like* for the third person singular. Remind them that we can also use *like/love + noun*, e.g., *I like science*. Have students go through Activity 5 and find more examples.

6 Ask and answer.

- Draw students' attention to the four questions. Divide the class into pairs and give them time to do the activity.
- Invite confident students to come to the front to ask and answer questions.

7 Imagine you are Tom, Maria, Flo, or Felipe. Ask and answer.

- Ask two confident students to model the questions and answers. Have one student ask the questions, and another student pretends to be one of the characters and answers the questions.
- Divide the class into pairs and give them time to do the activity, using the target language.

Pop Quiz: Give each student a sheet of paper and have them draw a friend (could be an imaginary friend or a "real" friend). They can include smaller pictures to help describe what the friend is good/not good at, their nationality, etc. Students then take turns "introducing" their friend. Invite other students to ask questions, e.g., *How old is he? Does he have any brothers or sisters? What does he like doing?*

- Pair students and have them talk to each other about any camping experiences they have had. Invite pairs to share their experiences with the class.

 Open books and ask students to look at the activities. Ask, *What are we learning today?* Write the lesson objective on the board: *We're reading a letter about being on an adventure camp.*

- 20  Listen and read the letter. Where was Flo yesterday? Then write the words.

- Ask students to look at Flo's letter on page 18. As this is a skimming/scanning task, ask students to read it very quickly, and only focus on the question *Where was Flo yesterday?* They shouldn't worry about unknown words at this point.
- Give students time to read the text and fill in the missing words from the word box.
- Play the audio. Tell them not to correct while listening. Students listen and check their answers. Then, check the answers as a whole class.
- Ask questions to check comprehension and understanding, avoiding the questions that are in Activity 21, e.g., *Who did Flo write to? Was it cold at night? Is Flo having a good time? Personalize responses further by asking, How about you? What do you do when you go camping?*

- Ask students to complete the sentences.
- Have students switch books with a partner for checking.
- Check answers by having students read the correct sentences chorally.

- 22 Ask and answer.

- Pair students and have them ask and answer the questions. Then they switch with another pair and tell their new partner about their previous partner.

- Invite pairs of students to come to the front to ask and answer the questions.

 **Pop Quiz:** Draw students' attention to the pictures next to Flo's letter. Ask students to describe what they see. Give each pair of students a copy of Activity Sheet 2 (see page 153) and have them cut out the words. Ask each student to take two slips of paper. Warm-up

- Ask, *Do you like camping? Where do you go? Is it easy to camp? Why/Why not? Have you camped anywhere strange or dangerous?* Elicit responses.
- With books closed, ask, *Have you ever done anything really dangerous?* Explain the question if necessary. Discuss each answer from the students. Tell students they are going to read about a man who has done many dangerous things.

23 What do you know?

- Open books and ask students to look at the activities. Ask, *What are we learning today?* Write the lesson objectives on the board: *We're learning about an adventurer, and we're planning an adventure.*

- Ask students, *What famous explorers or adventurers do you know? What do you need to take you with you if you go exploring in dangerous places?*

24 Listen and read. What is Bear's job?

- Ask about the pictures, e.g., *Do you know this man? What's his name? What do you know about him?* Elicit responses.
- Play the audio and have students read along. Remind them to use the context to work out meaning. Elicit answers for the question, *What's Bear's job?* (He's a mountaineer and adventurer.)

25 Circle T = True or F = False.

- Ask students to read the statements chorally.
- Have students do the activity in pairs. Ask four volunteers to say the statements and decide if they are true or false.

26 Prepare for an adventure trip.

- Remind students of the four steps to succeed: Ideas, Plan, Write, Share.
Ideas Ask students what the most interesting places to go on an adventure are for them. Ask, *Where do you want to go on your adventure? Mountains, jungle, sea, desert? What is it like in those places? What do you need to survive there?*
Plan Direct students to the questions in the Student Book for this section of the project, and ask them to make detailed notes.
Write Ask students to write a few sentences to answer each of the questions.
Share Model an interview by having one of the students interview you, then have students interview each other.

You may also wish to give students feedback on their projects.

Ask students, *What new things do you know about preparing for and going on an adventure trip?* Give students a minute or two to tell their partner some of the things they have learned. Tell students, *Good job!* to reinforce the progress they are making.

Pop Quiz: Students think of a place for an adventure, and write four sentences describing it, and a list of five things they would need to take with them. In pairs, they take turns reading their sentences and trying to guess the place their partner has described.

Lesson 9 SB page 20 or Poptropica English World

Learning Objective

Can assess what I have learned in Unit 1

Warm-up

- Show Picture Cards 12–16, 20–22 and ask individual students, *Are you good at (pitching the tent)? or, What do you like to do when camping?* Students should answer, e.g., *I am good at / not good at... I like / don't like... in response.*

 Open books and ask students to look at the activities. Ask, *What are we learning today?* Write the lesson objective on the board: *We're thinking about our learning adventure.*

- Ask students if they can remember the things have been learning about in this unit. Put their ideas on the board, e.g., camping equipment.
- For each idea, ask students to tell their partner where they think they are on their learning adventure. Reassure students who are less confident that they will have opportunities for more practice.

27 Match.

- Check students understand the instruction for the activity. Give them a couple of minutes to do the matching, and check their answers with a partner.

28 Listen and ✓ or X.

- Draw students' attention to Activity 28. Say the names chorally, and have students look at the pictures. Ask students to describe what they see.
- Have students listen to the audio and put a check or a cross in the boxes. Give them time to complete the activity.

1 Sally likes singing, and she loves camping. On camps, she teaches us how to cook things. She's good at cooking.

2 Pete is very active. He likes kayaking and he loves traveling to other countries. But he's not good at reading a compass – we got lost in the forest last Saturday!

29 Unscramble and write the questions. Then look at Activity 28 and write answers.

- Draw students' attention to the words in each line. Give students time to write the questions. Then give them time to write the answers for the questions.
- To check answers, ask students to read the questions chorally and elicit answers from individual students.

30 Ask and answer.

- After each pair has practiced, ask for volunteers to perform in front of the class, providing feedback and group error correction at the end.

 Ask students how they feel about their learning in this unit. Ask students to tell you what they found easy and what they found the most difficult to learn in the unit.

- Read the three *I can* statements at the bottom of the page with the students and invite them to check the boxes according to how confident they feel about the language point.
- Ask students, *Where are you on your learning adventure?* Students indicate where they think they are on the learning adventure poster. Tell students, *Good job!* to reinforce the progress they are making.

 **Pop Quiz:** In groups of four, students tell the others the answers to the following questions: *Which is your favorite activity in the unit? Why? Which activity don't you like? Why? What is your favorite new word? Which word is the most difficult for you?*

Lesson 10 Can use what I have learned in Unit 1 21

Lesson 10 SB page 21 or Poptropica English World

Learning Objective

Can use what I have learned in Unit 1

Warm-up

- Tell students you are going to give them an answer and they have to guess the questions. Say, e.g., *teaching*. Students discuss in pairs what the correct questions could be, e.g., *What are you good at? What do you like doing?* Ask for volunteers to share their ideas with the class. Help with clues (e.g., write the first word of the question on the board), until a pair gives you the right question. Repeat several times with different answers. This will provide students with further reinforcement of the question form. With a confident class, you can then repeat this, with a student giving the answer.

Open books and ask students to look at the activities. Ask, *What are we learning today?* Write the lesson objective on the board: *We're playing a game to practice the Unit 1 language.*

31 Write answers about you. Then guess about your partner.

- Tell students that they are going to play a game where they have to try to guess things about their partner. Explain that they need to start by writing the answers to the eight questions in their Student Book.
- Give students a few minutes to write their answers. Make sure that they understand that what they write in the books must be a secret from their partner, to make the game more fun.
- When students have finished writing, teach them these steps for the game: 1 *You say an answer.* 2 *Your partner tries to guess the question.* 3 *If your partner guesses correctly, they get one point.* 4 *Ask one question each, and then change.* 5 *Play until one person gets five points.*
- Divide students into pairs to play the game. You can do this with students who were not sitting next to each other during the writing, to make sure that they haven't seen their partner's answers.

32 What did you enjoy in this unit? What do you want to know more about?

- Ask students to choose anything they enjoyed from the unit and to go and find out more, e.g., find out more about becoming an adventurer (Social Science), find out more about safe camping (Values), find out more about how to write a letter in English (Skills).
- You might like to set this activity as homework with a quick feedback session at the beginning of the next class.

Are you ready for Unit 2?

- Ask students if they are ready to move onto the next unit. Tell students that it is fine if they do not remember everything as they will continue to practice throughout the level.
- Encourage students to ask if they have any questions about what they learned in Unit 1.

You may wish to give Unit 1 Test (see page 188) at this time.

1   Camping in Thailand is a lot of fun. My favorite place is a National Park called Khao Sam Roi Yot. Khao Sam Roi Yot means the mountain with 300 peaks. The mountains are very difficult to climb. There are a lot of things to see around the park. I like watching the beautiful birds and other wild animals like deer and squirrels. There are a lot of interesting caves, too. Thailand is an exciting place!

Alak, 12, Thailand

2   Death Valley National Park in California is a great place for desert camping. It's very hot there in the summer. I usually visit Death Valley in the spring with my family. I love riding my bike on the paths in the mountains. Mountain biking is difficult, but it's very exciting. My dad likes making big campfires in the evening. He likes cooking our dinner on the fire. There are many types of snakes, lizards, and birds in Death Valley. It's never boring in the desert!

3 Vulcano is a small volcanic island in Italy. I like camping there in the summer with my grandparents. We sleep in a small cabin in the forest. During the day, my grandpa rides a motorbike around the island. I like hiking to the top of the volcano. My grandma likes walking on the black sandy beaches near the sea. There is special mud in Vulcano that is very good for your skin. Some people like putting the mud on their bodies. I love visiting Vulcano!
