9 **Read and write. Then listen and check.**

sharp teeth lizard fly Indonesia strange wings

There's a reptile that is very _____.
It has _____ claws and scaly skin. Its
skin stretches to form _____ and it
has sharp _____. But it isn't a dragon,
and it doesn't breathe fire! It's a gliding
lizard, and it lives in _____. It can't
_____ but it can glide from tree to
tree. And it only eats insects. Perhaps it was this little _____
that inspired ancient legends of fierce dragons!

After You Watch
