GSE, Rise and Shine Level 6 – Published 2021

Build, Grow and Shine

Rise and Shine empowers every child to reach their potential and shine.

Built-in GSE Learning Objectives allow teachers to track, plan and measure each learner's progress. Child-friendly charts show their personal learning journey, promoting autonomy and responsibility. With a rigorous approach to formative assessment, every lesson is designed to help each child achieve their learning goals.

Appealing stories and real-life content create a world that young learners can relate to in their own lives. Well-structured activities develop future skills, such as collaboration and teamwork, communication, critical and creative thinking, and self-management.

Rise and Shine's unique mix of printed and digital components is designed for use in inclusive classrooms. Support for individual learning needs ensures learners grow in confidence and achieve their best, preparing them to become global citizens of tomorrow.

What's great about *Rise and Shine*?

- Clear progress and accessible learning outcomes
- Measurable progress that learners can see. Syllabus built off the GSE YL, which helps learners to understand exactly what they are learning and why.
- *I can shine* activity encourages learners to think about their progress against the key learning outcome for the unit stage.
- A step-by-step approach **builds confidence** in using English through a learning cycle of exposure, recognition, controlled practice and freer practice.
- **Supporting every learner to achieve and shine** through carefully planned lessons and character helpers.
- **Targeted support for teachers** to help all learners achieve their learning goals, while recognising that this will look different for different learners.

The Global Scale of English and the Common European Framework of Reference

The Global Scale of English is a standardised scale from 10 to 90 which measures English language proficiency. It is aligned with the Common European Framework of Reference (CEFR¹). Unlike the CEFR, which describes proficiency in terms of broad levels, the Global Scale of English identifies what a learner can do at each point on a more granular scale—and within a CEFR level. The scale is designed to motivate learners by demonstrating incremental progress in their language ability. The Global Scale of English forms the backbone for Pearson English course material and assessment.

CEFR and the Global Scale of English both comprise a number of Can Do statements, or “learning objectives,” for each of the four language skills, describing what learners should be able to do at different levels of proficiency. The learning objectives are written to reflect what a student ‘Can Do’ with language without regard to the topic area in which a language skill may surface but bearing in mind the context of the learner themselves. For example, the GSE Learning Objectives for Young Learners have been rated by Young Learner experts to demonstrate what can be expected of a Young Learner at that level, recognising that in most cases they will have had less exposure to authentic language and less opportunity to practise it in authentic contexts to the same depth/breadth as many adult learners. Also recognising that some topics will have more or less relevance for them compared to adult learners according to their daily routines and experience. All GSE Learning Objectives have been aligned to the CEFR, and many additional statements created, rated for difficulty, and calibrated to the same single scale.

This document provides an overview of the learning objectives that are covered in *Rise and Shine*. As the learning objectives focus specifically on language skills, some learning objectives will be used and practised multiple times, a reflection of the fact that in order for a learner to successfully learn and internalise a skill (with the goal of achieving mastery in the second or foreign language), it is important to encounter that skill in a variety of contexts. The content of *Rise and Shine* is designed to provide multiple touch points from which a learner can explore the possibilities of use of any given language skill but each skill is only listed once.

For each learning objective we indicate whether a statement is from the original CEFR or newly created by Pearson English:

- (C2018_A) CEFR – Companion Volume descriptor adapted or edited © Council of Europe
- (CSE_A) Eiken descriptor from the CSE, adapted or edited
- (P) New Pearson English descriptor

Rise and Shine is aligned with the Global Scale of English and the Common European Framework of Reference. It takes learners from CEFR <A1 to A2+ (10–42 on the Global Scale of English). Each lesson guides learners to a ‘Can Do’ goal in line with the Global Scale of English and the Common European Framework ‘Can Do’ statements.

The GSE in *Rise and Shine*

The four skills - listening, reading, speaking, and writing - are systematically developed within each level and across the course. *Rise and Shine* focuses on communication with simultaneous development of reading and writing skills. Special emphasis is placed on joining communicative competences to process and produce oral and written texts.

Key progress indicator chart

GSE range for Level 6: 35–42 (stretch 46)	Development indicator:
Speaking <i>Working towards: taking part in a conversation of 4 exchanges, using a range of tenses and descriptive language. At the highest level, be able to present on a topic of interest and engage with an audience.</i>	Connect simple related ideas in a logical sequence in short stretches of speech.
Can talk about an event in the past using fixed expressions, given a model. (39)	Use simple language to talk about and describe familiar objects and situations or express basic opinions or attitudes in short stretches of speech.
Can say how they or someone else feels, giving a brief reason. (40)	Participate appropriately in common social and interpersonal exchanges using simple language and expressions.
Can describe physical symptoms to a doctor in a simple way. (42)	Participate in common informational, academic, or transactional exchanges using simple language and expressions.
Writing <i>Working towards: writing 3–4 compound sentences in a structured paragraph on familiar topics and at the highest level being able to write for a range of informal and formal purposes.</i>	Write a short text on common topics and situations using simple language.
Can write short descriptive texts (4–6 sentences) on familiar personal topics (e.g. family, animals, possessions), given a model. (35)	Write a short text on common topics and situations using simple language.

To bridge any potential gaps and to facilitate learners' learning path, speaking skills have been broken down into **development indicators**. They capture discrete learning objectives that learners are aiming to acquire (e.g., *Recognise familiar words in phrases, sentences and texts.*). In *Rise and Shine Teacher's Book*, the development indicators have been listed alongside more granular learning objectives for every unit in the **key progress indicator chart**.

Breaking the skills down in this way supports the development of related

skills that build on one another and are at the right level, giving learners the best chance to learn and achieve.

Skills development

In *Rise and Shine*, the skills syllabus has been developed using the Global Scale of English (GSE) Learning Objectives and the GSE Skill Development Framework for Young Learners, which provides structured scaffolding to support teachers and learners.

Lesson 1 - Vocabulary

Objectives

- **Lesson aim:** to name healthy food
- **Target language:** *chocolate, kiwi, lemon, onion, pear, peas, pepper, salt, sweets, watermelon*
- **Recycled language:** *carrots, sugar, tomatoes*
- **Receptive language:** *challenge, kebab, stick, barbecue*

GSE

- **Productive: Speaking:** Can describe a picture showing a familiar scene or activity using simple language, if prompted by questions.
- **Receptive: Listening:** Can identify specific information in short, simple dialogues in which speakers make arrangements to do something, if spoken slowly and clearly.

At Level 6, the GSE range covered is 35–42 as **core** but includes learning objectives as high as 46 as a **stretch**.

Across the course, skills have been categorised into **receptive** and **productive**. In the Teacher's Book, each lesson starts with an **objectives box** where specific GSE learning objectives for that lesson are listed.

Having these Can-Do statements easily accessible in this way helps teachers monitor their learners' progress and inform planning

and teaching. In close connection to that, the Can-Do statements support assessment offering tools to effectively diagnose and apply remediation and/or stretch.

Remediation and stretch

Each stage of the unit has a clear and measurable outcome that learners can demonstrate in the *I can shine* task. These activities are specifically designed to consolidate learning from the stage. The *I can shine* tasks demonstrate to learners what they have learnt and how what they are learning contributes to the unit project. Using the **Achieve, Adjust, Exceed** guidelines, teachers can support every learner to shine:

- assess learners' performance in the *I can shine* task.

- if the learners need more support and practice, check the appropriate **GSE Learning Objectives list** on page 9 of this booklet.

I can shine! **Assess**

ACHIEVE The pupil can talk about a meal they made using past forms.

ADJUST The pupil can talk about a meal they made using past forms with some errors.

EXCEED The pupil can talk and write about a meal they made using past forms.

- Refer to the lower spectrum of the GSE range (e.g. 35–39 in *Rise and Shine* Level 6) to offer **remediation** and to review any problematic learning points;
- if the learners can complete the task successfully and if they demonstrate skills outside of the core GSE range, it is worth referring to the higher spectrum (e.g., 40–46 in *Rise and Shine* Level 6) to provide **stretch** and to ensure individual continuous progress over time.

The example below demonstrates how learners build towards the communicative goal of the *I can shine* task, i.e., learning to paraphrase. This goal is in line with the overall goal of Level 6 Speaking, i.e., *Working towards taking part in a simple conversation of 3–4 exchanges on a familiar topic, and at the highest level being able to give a simple, prepared talk.* (see Teacher’s Book 6 Key progress indicator chart). Through carefully scaffolded activities, learners also develop their listening and reading skills along with speaking.

Lesson 4

1 Read and listen. Which girl is Akanni?

2 Read and learn.

Grammar builder

Did she	go to the doctor?	Yes, she did / No, she didn't.
What	did you do?	I took some medicine.
Where	did they go?	They went to the hospital.

headache temperature hospital
cough sick doctor medicine

What was the matter?
I didn't feel sick but I had a cough.

Remember!
I did not go = I didn't go...
You did not go = You didn't go...

3 Read and sing. What was the matter with the boy yesterday?

What was the matter with you?
I had a headache. I had a cough.
I had a temperature, too.

Poor you! What did you do yesterday?
Did you go to bed?
Yes, I did. I took some medicine, too.
Because my throat was red.

Poor you! Did you go to the doctor, too?
What did the doctor say?
She was very kind and helpful.
And I feel much better today!

4 Ask and answer.

1 When were you ill?
2 What did you do?

What was the matter?
I didn't feel well. I had a cough.

What did you do?
I went to bed.

Lesson 5

1 Read and listen. What should Omer do to feel better?

2 Listen again and repeat the words in blue.

Anita: Hey Omer. What's the matter with you?
Omer: I have a temperature and a sore throat.
Anita: Oh, dear. Well, you have to rest until you get well.
Omer: So, you mean that I have to stay in bed until I feel better?
Anita: Yes, and you should stay hydrated.
Omer: In other words, I should drink a lot of water?
Anita: Yes, and you could try honey and lemon, too.

3 Say with a partner. Use simpler words.

- You should take this medicine on a full stomach. (after a meal)
- You shouldn't get your ears wet. (swimming)
- You should get a second opinion. (another doctor)
- You shouldn't socialise with others. (not / see friends)
- Take this medicine last thing at night. (before I go to bed)

You should take this medicine on a full stomach.
In other words, I should take this medicine after a meal.

Pronunciation

4 Say and write. Then listen and check.

medicine	temperature
doctor	headache
Fred	water
better	

bed other

5 Talk with a partner. Say in different words.

I have a cough.
Oh dear. You should take this medicine three times a day with food.
In other words, I have to take this medicine after meals.
I can repeat what someone says using different words.

15 Communication Paraphrasing

Example from PB6, page 14–15: Working towards communication goal with simultaneous development of listening and reading skills.

- In Lesson 4 Activity 1, learners are presented with new grammar in the context of a listening activity with supporting artwork and text. Listening and reading skills are developed in line with the GSE Listening LO: *Can understand a limited range of basic language related to common symptoms and illnesses* (39).
- In Activity 2, reading and speaking are brought together in a structured presentation activity in line with the GSE Speaking LO: *Can describe basic symptoms to a doctor, using gestures to support the meaning* (37).
- In Activity 3, learners can practise the target language in the safe environment of a song.
- Activity 4 builds on the GSE Speaking LO: *Can describe physical symptoms to a doctor in a simple way* (42).

- In Lesson 5 Activity 1 and 2, speaking is further developed with support of listening. The level of difficulty is increased through the introduction of functional language in a real world context, allowing learners to master the GSE Listening LO: *Can understand some details in extended dialogues on familiar everyday topics (46)*. Activity 3 and 4 provide further speaking and pronunciation practice so that learners feel more confident when they attempt to complete the final communicative task: paraphrasing. The final *I can shine* task in Activity 5 provides opportunity to work towards the GSE Speaking LO: *Can say how they or someone else feels, giving a brief reason (40)*.

Assessment

The *Rise and Shine* in-course assessment measures learners' ability to demonstrate mastery of the language and skills taught in the Pupil's / Student's Books in relation to specific GSE learning objectives. To ensure that learners are making progress through *Rise and Shine*, teachers can make use of regular formative testing to check learners have mastered learning outcomes and modify plans accordingly. The assessment tasks are rooted in learning outcomes from the corresponding units and can be used in tandem with the core course components to measure the extent to which learners have achieved these. The course offers an online assessment pack that enables teachers to check pre-requisite learning at the start of the course, provide feedback on the learner's level of achievement against learning outcomes, and identify misconceptions or areas where further remediation is needed. Based on learners' performance on the in-course tests, the remediation and stretch method can also be applied using the GSE Learning Objectives defined for *Rise and Shine* Level 6 on page 9 of this booklet.

English Benchmark

Young Learners

English Benchmark Young Learners is a motivating English test for young learners aged 6–14, which can be used to understand pupils' English abilities, identify their learning needs to ensure teaching targets the right skills, monitor and demonstrate progress to parents. English Benchmark measures pupils' speaking, listening, reading and writing skills through fun and interactive tablet-based activities, with immediate detailed reports for teachers and parents that include pupils' strengths, suggestions for improvement and recommended activities to improve their skills. As pupils learn with *Rise and Shine*, English Benchmark tests can be used to measure their progress. After pupils have taken their test, recommendations are available on areas to focus on to support improvement.

In *Rise and Shine*, the Level 1 End of Level test includes key skills and activity types covered in English Benchmark in order to prepare pupils to take the test the following year, at the end of Level 2. From Level 2 onwards, it is advised that pupils take English Benchmark Young Learners test once per academic year, at the end of each completed level of the course. For more information, visit [pearsonenglish.com/benchmark](https://www.pearsonenglish.com/benchmark).

Tips for using the GSE with *Rise and Shine*

Please see some ideas on how to use the GSE when teaching with *Rise and Shine*:

- It is advisable to do the *Rise and Shine* diagnostic test at the start of the course. The test result provides a point of reference and helps to identify individual strengths and needs for support.
- The GSE Teacher Toolkit is an immensely helpful tool if more support is needed in any given skill at any stage of the course. The filtering and searching functions of the toolkit help to find which learning objectives to focus on and how to scaffold them for young learners within a specific skill. For instance, if support is needed around writing in *Rise and Shine Level 6*, select the lower spectrum of the GSE range (e.g., 35–39). You will be presented with discrete learning objectives arranged according to the level of difficulty on the GSE scale. Take a moment to locate your target learning objective, e.g. *Can write a simple text (e.g. an invitation to a party) containing key information, given a model (36)*. Look at the learning objectives that are available as support, e.g. *Can write very short, simple notes to family or friends relating to matters of immediate need, given prompts or a model (35)*. With the GSE Teacher Toolkit, there is a number of support and remediation steps available that help achieve the chosen goal.

The screenshot shows the 'Choose category' interface of the GSE Teacher Toolkit. It features four tabs: 'Learning Objectives' (selected), 'Grammar', 'Vocabulary', and 'Text Analyzer'. Below the tabs, there are filters for 'Who are you teaching?' (set to 'Young Learners (5-14)'), 'Choose Skill' (set to 'Writing'), and 'Choose a range on the GSE / CEFR' (set to '35-39'). A search bar is also present. The 'Search results' section shows 31 results, with a table of learning objectives and skills.

<input type="checkbox"/> Can make a note of key information (e.g. names, number, prices) given in a spoken message, provided it is delivered slowly and clearly and with some repetition. ©	Writing	36	A2+ (36-42)
<input type="checkbox"/> Can write a simple text (e.g. an invitation to a party) containing key information, given a model. ©	Writing	36	A2+ (36-42)

Similarly, if an extra challenge is needed for a fast finisher or a learner exceeding expectations, select the higher spectrum of the GSE range (e.g., 40–46). Take a moment to locate a starting point, i.e., a learning objective already mastered by your learner, e.g. *Can write short, simple texts on familiar topics in linked sentences (40)*. Look for learning objectives with a higher value in order to provide stretch / extra challenge, e.g. *Can write a short text of 3–4 compound sentences (41)*.

GSE Learning Objectives

On this and the following pages of this book all of the key GSE Learning Outcomes for *Rise and Shine* have been grouped together and mapped against each lesson in the level. This is for ease of reference to see what areas you might want to focus on most for your teaching and your learners' learning and development. These tables are followed by a Progress Indicator reference table highlighting a particular skill.
