

Teacher's instructions Put Ss into pairs. Make a copy of each page for each pair and glue the die to thicker paper. Have pairs make the die and use it to play the game. When S1 lands on a square, have S2 ask **What are you doing this summer?** Have S1 answer **We're going (camping)** (the picture on the die). Have S2 ask **How are you getting there?** Have S1 answer **We're going (by car)** (the picture on the square). One square on the game (We're going by ...) and one side of the die (We're going ...) allow Ss to answer as they wish.
