

AGREE TO DISAGREE

Sentences

Answers will vary.

1. I don't think children should play video games that are violent.

Agree: I don't think so either. Children who play violent video games don't know where the virtual world ends and the real world starts.

Disagree: I don't agree with you. Psychological studies have shown that there is no link between playing those games as a child and violence as an adult.

2. In my opinion, students should wear school uniforms.

Agree: I agree. When students wear uniforms, there is less class distinction between the haves and the have nots.

Disagree: I don't think so. Uniformity decreases creativity and hinders individuality.

3. I think that people shouldn't talk on cell phones in restaurants.

Agree: I think so, too. It's very rude, and it disrupts other customers' meals.

Disagree: I disagree. If cell phones can't be used in restaurants, people might miss important calls.

4. I don't think that people who wear fur coats hate animals.

Agree: I don't think so either. Fur coats are among the warmest coats you can buy.

Disagree: I don't agree with you. With all of the synthetic materials we have, people can buy very warm coats without having to kill animals for their fur.
