

Sounds Good

Podcast 40

Mike has been living in the dorm for a while and taken on his share of the chores. Chugi is the Resident Assistant (RA) in charge of supervising the area where they live. Each of them has pet peeves about the jobs they have to do. Why, according to Mike, can't the students do their jobs?

Listen again. Circle the words that both Mike and Chugi mention in the Podcast.

Fun Fact

The use of soap goes back almost 5,000 years! Archaeologists have found evidence of a soap-like substance in ancient Babylon as early as 2800 B.C.

What do you think?

If you had Chugi's job and had a similar problem, what would you do to solve it?

The first electric vacuum cleaner was invented by James Spangler of Ohio (USA) in 1904. Shortly after that, The Hoover Company started selling the machine. Today, many people refer to a vacuum cleaner as a "hoover".
