

# Sounds Good

## Podcast 16

Anita and Jeff talk about going to the dentist. They have very different feelings about the experience. Does Jeff say that most people like going to the dentist or not? How does he feel about it? Does Anita prefer to go to the dentist alone or with someone else?

Listen again. Which words do you hear? Circle the words that Anita and Jeff say. Listen carefully, they are not in order.

**E** sad

What is something you like that most people hate? What about something you hate that most people like?

## Fun Fact

Most women smile about 62 times a day. Most men smile eight times a day. Children laugh around 400 times a day and adults only laugh about 15!

You need your teeth to speak English! Many sounds require teeth to pronounce them correctly.
