

Sounds Good

Podcast 38

Brandon and Elizabeth's friend Jack is getting married. Brandon thinks it's a good idea but Elizabeth has some doubts. Why does Elizabeth think that Jack should not get married? Who is Pam? What is Elizabeth going to tell Julie?

Every year, \$25.3 billion is spent on weddings in the US.

Who says what? Listen and put a B for Brandon and an E for Elizabeth in the correct space.

What is a good age for a person to get married? Why?

Fun Fact

Wedding rings are most commonly worn on the third finger of the left hand. Originally, it was believed that the vein in this finger went directly to the heart. It was called *vena amoris*, "the vein of love".

Married men live 10 years longer than men who are not married. Married women live 4 years longer than single women.
