

Values road sign

Levels 3-4

Teacher's notes

This activity is a great way of talking to students about their values. By creating a road sign poster, it will help them to decide which values are most important to them and it is something that they can refer back to again and again in challenging times.

Students can stick their road sign on their bedroom wall, display it on the fridge, or you could even make a classroom display of shared values when students have finished their books!

Learning objective

★ **GSE writing:** Can write simple sentences using familiar words, given prompts.

Values road sign

What is important to you? Choose from the box below.

Helping my friends Talking about how I feel Working hard Learning from people
Working with friends Believing Listening Being kind Trying again and again
