Why choose Pearson for your international school?

We are the world's leading learning company

We provide world class assessments, digital content and learning experiences for international schools to enable more effective teaching and learning and to help learners increase their skills and global employability prospects.

We partner with schools, universities, and employers worldwide to offer our qualifications to over 3.4 million students annually. Our Pearson Edexcel iPrimary and Lower Secondary, International GCSE and International A Level qualifications are most closely aligned to the British education system, and Pearson BTECs, our popular, career-focused qualifications developed in partnership with employers can be studied alongside academic qualifications in a broad and balanced curriculum.

Whether you're a teacher inspiring achievement in the classroom, a parent supporting your child's learning journey, or a school owner seeking the best outcomes for your students, we can support you with our inspiring and proven international curriculum, qualifications and published resources.

We can help your international school achieve more

When you partner with Pearson, you have access to our global expertise and support to help you achieve your school's education vision.

We can help your students learn in more accessible ways, more affordably, and with better outcomes. Here are just two of the ways we can support you and your students to achieve more:

Globally recognised modular and linear qualifications

Unlike other awarding organisations, Pearson Edexcel International A Levels are truly modular in structure, giving students flexibility with when and how they are assessed, more confidence, and better control over their outcomes.

This modular assessment approach has proved so popular that we are now offering it for International GCSE from 2024, in addition to the current linear route.

Leading the way with onscreen assessment

We are proud to be leading the way in onscreen assessment

as the first awarding body to offer onscreen International GCSE exams alongside traditional paper-based exams. What started as a pilot in 2020, became a reality in 2022 when students sat their Pearson Edexcel International GCSE English Language exams onscreen for the first time. In 2023, entry numbers doubled for onscreen exams as thousands of students around the world opted to take their International GCSE exams onscreen with us.

The support you can expect from us

Support to help you achieve your goals

Thousands of international schools across the globe partner with us to achieve their education vision. We operate in over 100 countries around the world and are committed to using our expertise to help equip learners with the skills they need to enhance their employability prospects and to succeed in the changing world of work.

When you partner with us, you will have access to the full power of Pearson to help you achieve your goals.

Fully integrated international gualifications and content

Our Pearson international curriculum, Pearson Edexcel and BTEC international qualifications are all supported by print and digital teaching and learning content, to provide a complete, integrated teaching and learning experience for learners aged 3-19. Our international qualifications are recognised by leading universities across the world – including Oxford, Cambridge, Columbia, Yale and many others.

Celebrating teacher and student excellence worldwide

Recognising international excellence

As the world's leading learning company and the UK's largest awarding organisation, we understand what it takes to achieve educational excellence.

Our annual awards programmes recognise outstanding learners and teachers worldwide and we are delighted to host annual ceremonies around the world where the achievements of Pearson Edexcel learners and educators are celebrated.

Pearson International School Teacher Awards

Inspired by the impact teachers have on learner outcomes, we were proud to launch the inaugural Pearson International School Teacher Awards in 2023. These annual awards recognise and celebrate outstanding educators in international schools across the world. So, if you know an inspirational international school educator who deserves worldwide recognition, tell us about them!

Outstanding Pearson Learner Awards

Our flagship student awards programme, the Outstanding Pearson Learner Awards (OPLAs), provide recognition to the top-performing learners worldwide, outside the UK. Awards are presented to learners who have taken Pearson Edexcel iPrimary, iLowerSecondary, International GCSE, GCSE, International A Level and A Level examinations and have achieved outstanding results.

How your school can get involved

Take a look at our teacher and learner awards in more detail and find out how you and your school community can get involved.

Curriculum

iProgress UK Curriculum for International | Ages 3–19 | Print & Digital

iProgress is our complete series for 3–19 year-olds in international schools.

The iProgress family includes iPrimary, iLowerSecondary, International GCSE (IG), GCSE, International Advanced Level (IAL) and GCE A Level, and delivers a consistent learning journey for students and teachers, everywhere in the world.

NEW

We continue to develop and innovate our qualifications, assessment, and resources to meet the needs of today's educators and learners with the following:

- Onscreen assessment for more International GCSE and International A Level subjects.
- A modular assessment route for many of our International GCSEs, offering you a choice between a linear and modular route.
- International Teaching Hubs providing everything needed to deliver successful lessons (see pages 20-21).
- International GCSE English as a Second Language new qualification and resources (see page 22).
- November exam series to best meet the needs of students requiring International GCSE exam opportunities outside of the full May/June series (replaces the January series).

We are more than a curriculum or qualifications

iProgress offers a wide range of resources and services.

Planning, teaching and learning support

We offer a wide range of support to help you deliver our qualifications such as specifications, schemes of work, sample assessment materials, getting started guides, exemplars, lesson plans and specialist subject advisors.

Curriculum-matched published resources

Our range of student books and teaching resources are designed with a strong focus on progression, recognition and transferable skills, allowing learning in a local context to a global standard.

Training and Professional Development

Through the Pearson Professional Development Academy, an online portal supporting teaching professionals, you can find courses to support the course and subject you teach (including iPrimary, iLowerSecondary, International GCSE, and International AS/A Level), as well as a range of skills-based courses.

Exam and results services

Thanks to our unique technology advancements, Pearson Edexcel offer unbeatable exam and results services. Create your own bespoke tests with examWizard, use our NEW Onscreen Mocks Service, analyse results using ResultsPlus, and view completed exam papers with free Access to Scripts.

Progress to university

Pearson Edexcel International Advanced Levels (IAL) and GCE A levels are widely recognised by universities in the UK and worldwide for entry onto undergraduate degree programmes.

Marketing and branding support

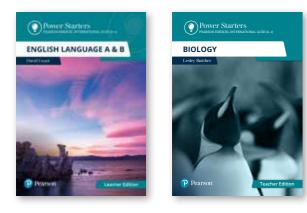

We offer a range of marketing support to help you articulate and promote the curriculum you offer to prospective teachers, parents, and students.

• Supports the modular approach of the International AS/A Level specifications.

Ages 16-19

- Appropriate international content puts learning in a real-world context, to a global standard, making it engaging and relevant for all learners.
- The embedded transferable skills, needed for progression to higher education and employment are signposted so students understand what skills they are developing and therefore go on to use these skills more effectively in the future.
- Exam practice provides opportunities to assess understanding and progress, so students can achieve their potential.

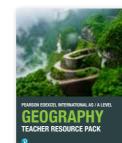

GOOD TO KNOW

- Each Student Book comes with 3-year access to an online ActiveBook (also available separately).
- Free and paid-for professional development available.

All Pearson Edexcel International AS/A Levels are supported by a wide range of free curriculum and qualification support. Learn more at quals.pearson.com/IAL.

Everything you need to teach and study the IB Diploma Programme, developed in cooperation with the IB

At Pearson, we've been publishing in cooperation with the IB since 2022 and are proud to be an official co-publisher for the IB Diploma Programme Science resources for Biology, Chemistry and Physics.

This year, we're expanding our range of IB Diploma Programme titles developed in collaboration with the IB. Beyond Science, we're adding our brand-new Environmental Systems and Societies and Global Politics textbooks.

Look out for the IB In-Cooperation emblem on the front covers of our co-published resources. All our co-published resources have undergone a thorough quality check by the IB. This ensures that they align perfectly with the latest curriculum, covering all the essential learning objectives.

Resources developed in cooperation with the International Baccalaureate are:

- in alignment with the current IB curriculum
- successfully passed IB's comprehensive quality-assurance evaluation
- reviewed and approved by IB subject matter experts
- appropriate for IB World Schools worldwide.

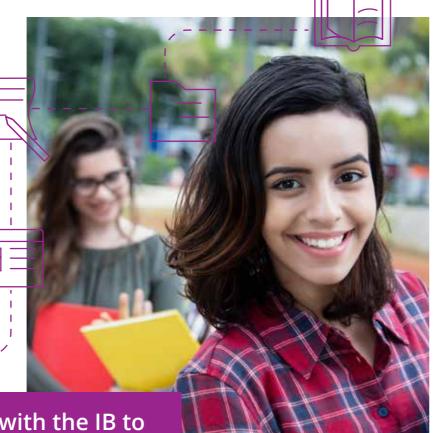

Current titles published in cooperation with the IB:

- DP Biology
- DP Chemistry
- DP Physics

New editions for first teaching in 2024 and first assessments in 2026:

- DP Global Politics
- DP Environmental Systems and Societies

We're working together with the IB to develop resources you can rely on.
