1. What do animals need to stay alive, healthy and safe?

Tick the things below:

- Water
- Shelter
- TV
- School
- Holidays
- Warmth

2. What would happen if animals did not have...
   a) Food?

   ____________________________________________
   ____________________________________________

   b) Air?

   ____________________________________________
   ____________________________________________

   c) Space?

   ____________________________________________
   ____________________________________________
Animal or Not?

1. Name three features that an animal can have.

2. Draw a line from each picture to the correct column of the table.

<table>
<thead>
<tr>
<th>Animal</th>
<th>Not an animal</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1.png" alt="Flower" /></td>
<td></td>
</tr>
<tr>
<td><img src="image2.png" alt="Bicycle" /></td>
<td></td>
</tr>
<tr>
<td><img src="image3.png" alt="Frog" /></td>
<td></td>
</tr>
<tr>
<td><img src="image4.png" alt="Spider" /></td>
<td></td>
</tr>
<tr>
<td><img src="image5.png" alt="Table Lamp" /></td>
<td></td>
</tr>
<tr>
<td><img src="image6.png" alt="Snake" /></td>
<td></td>
</tr>
</tbody>
</table>

3. Draw two more things that are ‘animals’ and ‘not an animal’.
