# Sid and Nan

Sid is a kid who often gets up to mischief and Nan is looking after this lovely little trouble maker!

Read along to follow Sid and Nan's adventures and see what happens when they go camping and when they run in the shed to invent something... odd! Is Nan scared when Sid builds a Snowysaurus in the garden? And what happens when Sid's pet Rat wants to sit in the garden?

Rat hops on.  
"Get off it, Rat."

Rat licks it.  
"Less of it, Rat!"

The SID and NAN series, part of the Phonics Bug Family, is a collection of 20 books for kids aged 4 to 7. Available in print and digital, each eBook has audio narration to help with pronunciation when children are reading independently.
