★ **CREATED BY** South African education specialists

★ **AVAILABLE IN** English for children aged 2 to 13

Welcome to Smart-Kids

Smart-Kids is a series of workbooks and readers for parents who want to get involved with their children's education. This series is written by experienced educators and is designed to make helping your child as easy as possible. The books include answers, notes and tips for parents and they're such fun that you won't have to nag your children to do extra practice at home.

- ★ Smart-Kids is also for teachers to recommend or set as homework. Teachers can feel confident that the books match the latest South African curriculum and are pitched at the right level for South African children.
- ★ Since we launched Smart-Kids we've had lots of wonderful letters from parents, teachers and children telling us what a difference the series has made in their lives. All children can be smart kids, whether they need extra practice to catch up, for extension or to consolidate their skills.

Best wishes

Vocabulary builders

Toddlers

Help build your child's vocabulary with Smart-Kids Vocabulary Builders for very young children. Beautiful full-colour illustrations and the loveable Smart-Kids characters tell a simple story and add humour to promote a love of books, stories and reading. Each board book in the series:

- Focuses on one part of speech e.g. verbs and adjectives
- Teaches early vocabulary in a fun and interactive way
- Includes notes on the back cover to help parents understand how best to use the book with their little ones

VOCABULARY BUILDERS

Write and Wipe

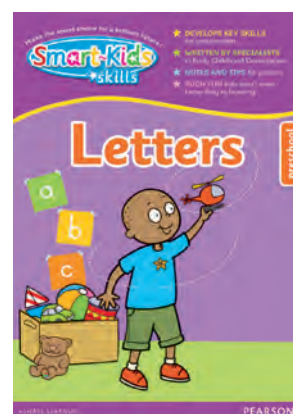

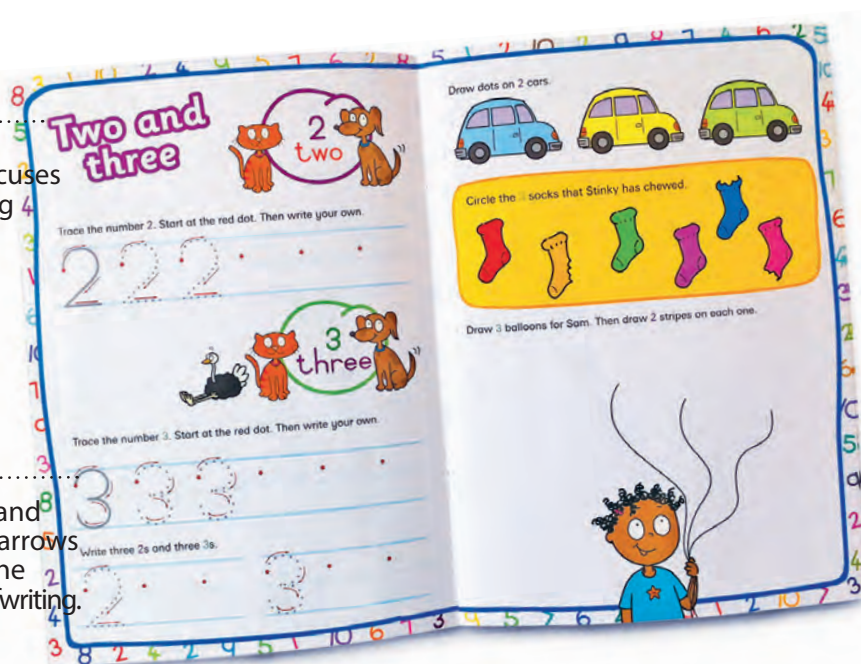

Preschool Skills

It is an exciting time when preschoolers start recognising shapes and colours and begin to write numbers and letters. The Smart-Kids Write and Wipe Activity Books are:

- Designed to develop key concepts and to make sure children learn to write and draw in the correct way to support their learning later on
- Created by practising South African Early Childhood Development educators

Each book focuses on developing skills in one key preschool concept.

Red dots and direction arrows indicate the direction of writing.

Smart-Kids Practice tests Grade 3: Mathematics Test

Smart-Kids Read!

Beginner readers

The Smart-Kids Read series is designed to help children learn to read confidently and to enjoy reading. The series has been developed by experienced teachers and reading specialists to encourage early success at reading.

- Smart-Kids Read is divided into four clear levels according to stages in reading development and is structured to build up reading skills and reading vocabulary gradually.

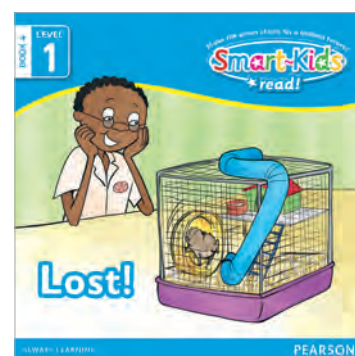

Level 1: Starting out

Level 2: Getting going

Level 3: Moving ahead

Level 4: Becoming fluent

- Each book contains four interesting, colourful stories that follow the adventures of our loveable Smart-Kids characters.
- All the books include notes for parents, a wordlist as well as activities to enhance comprehension skills.

Includes notes so that parents can feel confident to use this series to teach their children to read at home.

Each book includes four different stories to keep children engaged and entertained.

New words are identified at the front of every book so that children can become familiar with them before encountering them in the stories.

Level 1: Starting out is for children who are just starting to learn to read. The pictures tell the story and the text is very simple.

LEVEL
1

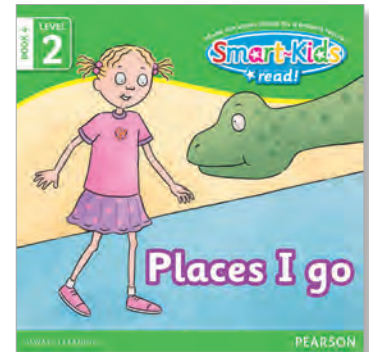

Book 1: Hello!
Book 3: Fun days

9781775784234
9781775785101

Book 2: One, two, three

SMART KIDS READ!
Level 2

My son enjoyed it and felt very proud when he could sound and recognise the words unaided. It is a good and valuable resource to have as a parent.

— R. Canham, Parent

★ Variety of stories to keep children interested.

★ Repetition of words so children get plenty of practice.

★ Correct font for early readers.

Available as eBooks from the Pearson eStore:
<http://shop.pearson.co.za>

Level 2: Getting going is for children who are ready to read sentences. The words tell the story and the pictures add to the storyline.

LEVEL 2	Book 1: Out and about	9781775785125	Book 2: Food fun	9781775785132
	Book 3: Bugs and animals	9781775785149	Book 4: Places I go	9781775785156

Size: 210mm x 210mm ★ Format: Paperback (also available as e-books) ★ Page extent: 32pp

In general I think it's a good and timely product to enhance Afrikaans.

— Dr. Ina Joubert
University of Pretoria,
Department of Early
Childhood Education

I really love the activities. They can be used for continuous assessment and are very comprehensive.

— Carol, Teacher

Rich illustrations help children to read the words and understand the story.

Activities are provided at the back of each book to consolidate vocabulary and understanding.

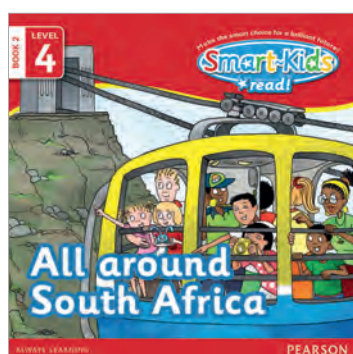

Level 3: Moving ahead is for children who are ready to read short paragraphs.

Smart-Kids Read! Picture Dictionary

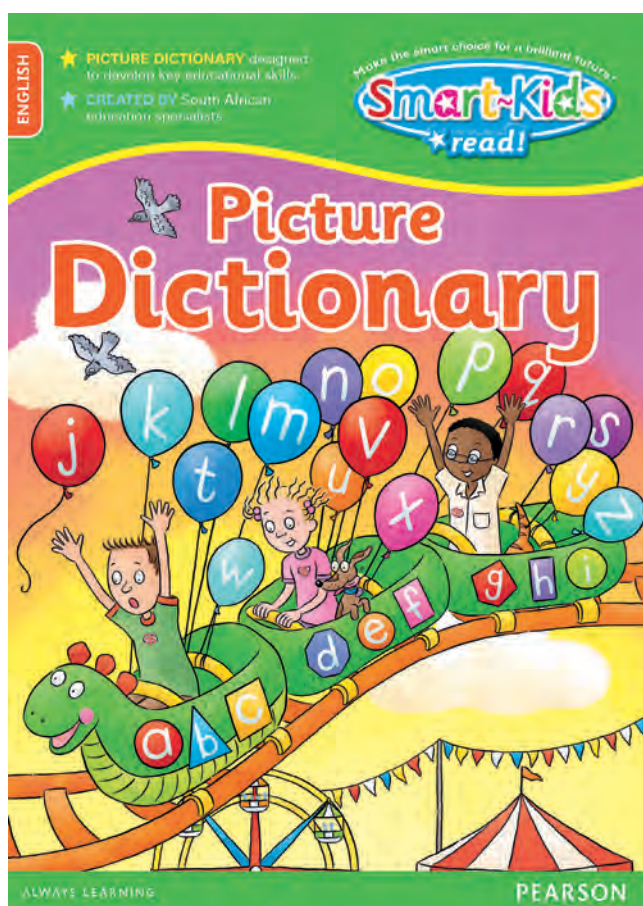

Grade R to Grade 3

The Smart-Kids Read! Picture Dictionary has been created specifically for South African children. It has been designed by South African education specialists to introduce children to key, age-appropriate word sets within appropriate, familiar contexts. The beautiful, colourful illustrations and fun educational activities will grow a child's vocabulary and make learning fun.

The dictionary has two main sections:

- The first section has beautifully illustrated everyday scenes with word labels according to each theme. Along the top of each page are activities which develop the child's word recognition, concept association and counting skills
- The second section has an alphabetical list of all the words in the first section and more

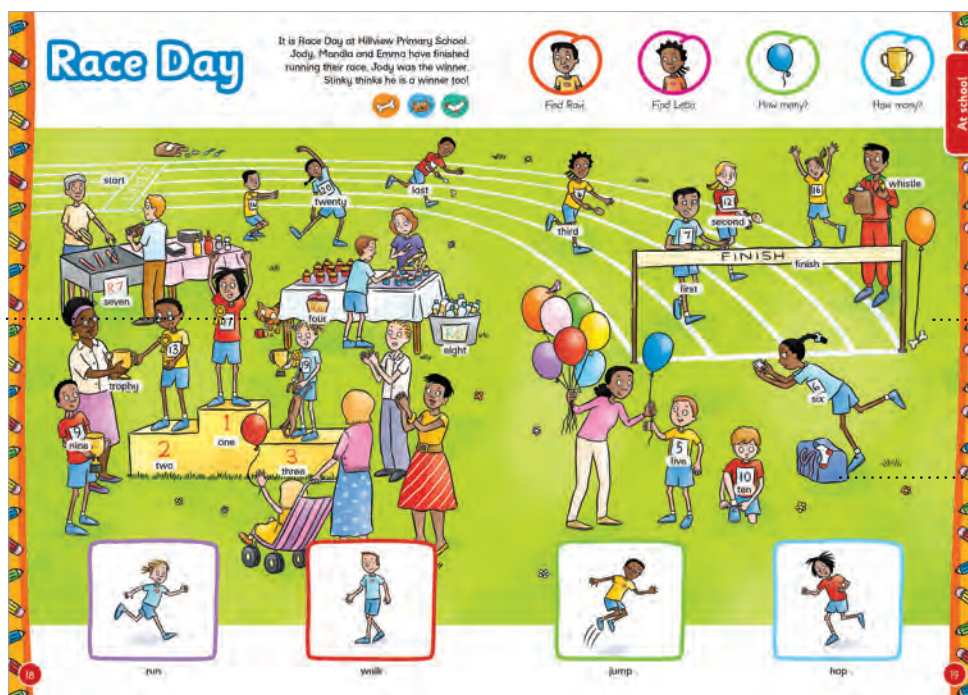

GRADES R-3

Smart-Kids Read! Picture Dictionary

9781775786009

Size: 297mm x 210mm ★ Format: Paperback ☆ Page extent: 128 pp

 Honey.

 The Bone.

 The Sock.

Each page has three icons:

This icon reminds the child to find Stinky's bone. Let your child practise using prepositions by asking her to explain where the bone can be found.

This icon reminds the child to see what Honey is doing. This encourages him to use verbs. Make sure he uses a full sentence, starting with "Honey is ..."

This icon reminds the child to find the sock in the scene. Again, she should use prepositions to explain where the sock can be found.

 The word list has been designed to support the words used in the Smart-Kids Read! series.

 The alphabet that borders the bottom of this section is in upper and lower case to enable quick and easy referencing.

Language Workbooks

Grade 4 to Grade 6

Smart-Kids Grades 4 to 6 Language Workbooks are specially written for Grade 4 to 6 learners by experienced South African teachers.

The workbooks support the latest South African curriculum and the work being done in the classroom. They are packed with all the colourful activities you've come to expect from Smart-Kids, but the characters are older, cooler and smarter!

new

The Smart-Kids Skills Comprehension Workbooks for Grades 4-6 have been developed to focus on particular skills or concepts that children in these grades need to practice.

The Comprehensions Workbooks are filled with a variety of interesting texts and provide graded practice and extension.

The variety of text styles from cartoons to blog posts will keep children engaged and motivated to complete activities.

The Anaconda's crush

Reading skills

Read the following cartoon about Rashid's exciting experience at the new amusement park, Amazonian Adventures!

It's a beautiful summer's day – a day fit for Rashid, his friends and his friends to celebrate the end of another busy, action-packed school term. He has been waiting for this moment since ... like forever!

Panel 1: Rashid is nervous. "What I don't know is how I'll feel!"

Panel 2: Rashid is excited. "It's the wildest ride in the world!"

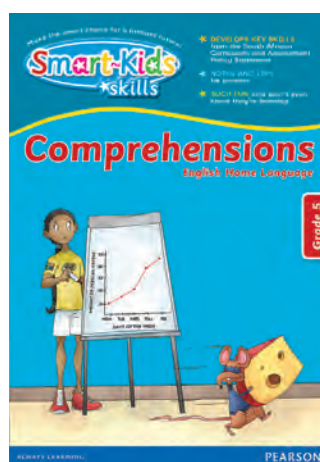

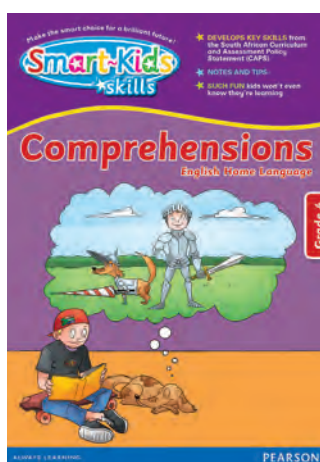

Panel 3: Rashid is nervous. "I've heard legends which say the Anaconda is a legend!"

Panel 4: Rashid is nervous. "I don't want to be a part of this!"

Comprehension skills

- Give two reasons why it is such a special day for Rashid and his friends?
- At what popular amusement park is Rashid? Use at least two pieces of evidence from the text to support your answer.
- How did Rashid feel about having to queue for an hour to get onto the ride?
- Why does Rashid like facts and figures so much?
- As his nervousness grows, what four physical symptoms does Rashid feel?

Comprehension questions reinforce the skills developed in the classrooms.
