High flyer left Harvard to start his business

by Avantika Chilkoti

It may be difficult to get into Harvard Business School – but it is also difficult to leave after just one semester, which is exactly what Ferry Unardi did. Today he is running one of Indonesia’s best-known start-ups, the online travel agent Traveloka.

‘Everybody knows internet time works differently from normal time,’ says Mr Unardi. ‘When I arrived at school, I underestimated the speed of change.’ When Traveloka started out, he said, few Indonesian websites were well designed or even reliable, and many consumers were uncomfortable making transactions online. However, Traveloka had 10 million visitors a month by the end of last year and today takes between 10 and 15 percent commission from flight and hotel bookings. He told me the company had partnerships with 33 airlines and hotels across Southeast Asia.

Mr Unardi met one of his partners while studying computer science at the prestigious Purdue University in the USA. He said his other partner had been a fellow intern at Microsoft. ‘We always discussed the development of the internet industry in Indonesia and always thought about coming back,’ Mr Unardi said.

When the three software engineers felt the time was right, with interested investors and a ready consumer base, they launched Traveloka as a search engine for the travel industry.

As with many start-ups up across Southeast Asia, the idea was new. I asked him if any businesses had inspired them. ‘We definitely had a lot of companies that we looked up to,’ Mr Unardi says, and mentions Expedia and Priceline of the USA. ‘Now, the rate of creativity and innovation is so high that it’s inevitable somebody has done it previously.

The CEO says that Indonesia’s start-up scene is changing. ‘That’s the thing about programming and software – it’s fashionable now,’ he says. ‘Now, you’re cool if you do this, so it’s interesting to see what type of people come in, and how they will take the industry forward.’
COMMUNICATION SKILLS
Influencing

Lesson outcome
Learners are aware of different ways to influence other people and can use a range of phrases for dealing with objections.

Lead-in

A Work in pairs. When is it helpful to be a good at influencing? What situations have you been in, or might you be in, when you need to influence someone?

B What would you say to influence people in each of these situations?
1 You want to get an extension on a work or essay, to give a report or an essay deadline.
2 You want to go to a specific restaurant with a friend.

VIDEO

Watch as Paula prepares to present PRO Manage's online courses to Pedro and Susan, potential customers from a chain of business schools in Mexico.

1A How does Paula describe herself?
1B How does Matt describe Pedro?
2A Do you think Paula’s natural influencing style will be successful with Pedro?

B Read the text and decide if the sentences (1–4) use a ‘pull’ or a ‘push’ style.

Influencing styles: push and pull

There are two influencing styles known as ‘push’ and ‘pull’. With a push style, people try to influence through the strength of their ideas and opinions, their data, by listing benefits for the other person, and by getting the right people to support them. With a pull style, people show empathy and focus on finding out more about the other person’s needs, interests and challenges. Together, they try to find a common direction.

1 Tell me more about why that would be difficult for you.
2 I think the best thing to do is to launch the product this month.
3 As project manager, I feel we should do it this way.
4 I can understand how you feel. Would this option work for you?

B Read the videos in the sequence the class has decided. For Option A, decide if the sentences are true (T) or false (F). For Option B, answer the questions.

Option A

1 Paula reminds Susan and Pedro of the benefits of the online courses.
2 Susan sees the benefits of the online courses in their school, but Pedro is hesitant.
3 Paula designs the proposal especially for the Mexican business schools.
4 Paula varies her approach to persuade Susan and Pedro.
5 Paula successfully persuades both of them.

Option B

1 What is the most important point Pedro is concerned about?
2 What else is he concerned about?
3 How does Paula adapt her style when she sees Pedro is hesitant?
4 Does Paula successfully persuade them?

Work in pairs. Discuss what lessons you have learnt about influencing people.

Reflection

Think about the following questions. Then discuss your answers with a partner.
1 When trying to influence others, do you mostly make statements or ask questions?
2 What is one advantage and one possible disadvantage of your influencing style?

Task 7

The table below shows four steps for dealing with objections. Put these phrases from the video into the correct section of the table.

5 Work in pairs. Read the information and plan your presentation together.

Professional context

You have recently set up a business from home, selling products online. You are growing and want to buy more stock to meet the demand.

• information on your target market (age and type of customer).
• information about market growth in the market (if yes, how quickly)?
• stock levels (how much do you have at the moment? How much more do you need?).

Use this structure to organise your presentation and decide who will deliver each section:
