Never has certifying your English been this
straightforward, fast and flexible

✓ Schedule your test on your schedule

Setting up your test couldn't be easier. Whether you want to take your test from home or a Pearson-approved test centre, you can schedule it in as little as 24 hours. There's no need to wait for scheduled exam dates.

✓ Get familiar with the test

Don't worry about memorising a course book or specific language items. Just use our range of free and purchased familiarisation materials to help you know what to expect in your test – and feel totally confident that you're ready to pass.

✓ Take the test at home or a test centre

Using your own computer, you can take your test from home or any private location. Our trusted online proctoring system ensures the process is completely secure.

If for any reason you would prefer to take your test in a test centre, you can search our global network of authorised centres for the most convenient one for you.

✓ Get your results and certificate, fast

In 2022, results will be available less than 2 weeks after taking your test, with your certificate arriving by post shortly afterwards. This is weeks faster than with a paper-based test.

While we calibrate our scoring system using expert human scorers in 2021, you'll benefit from a discount, with results taking longer than usual as we ensure comparable results with the paper test. There will be no difference in your results, only the time it takes to receive them.

Pearson | English | Test Hub

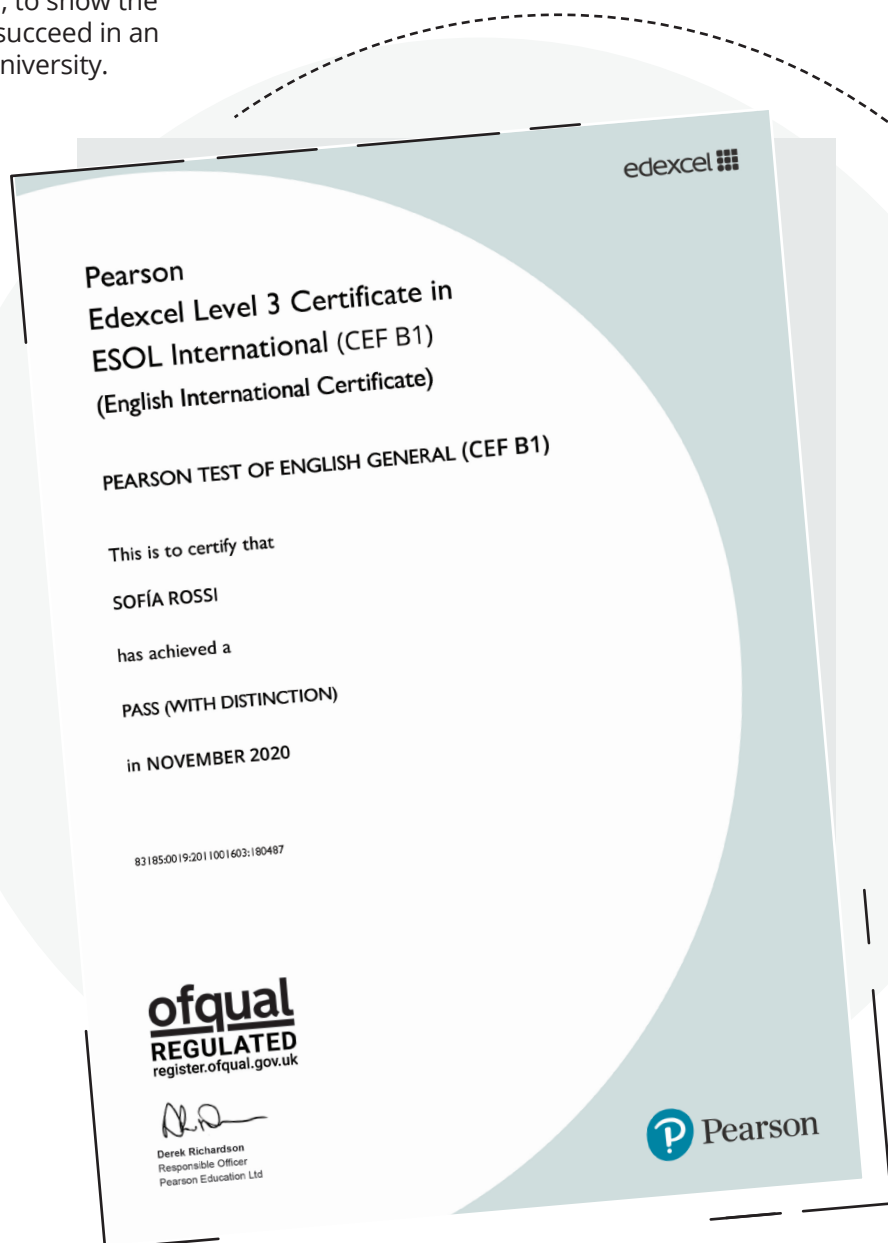

The whole end-to-end International Certificate experience takes place in Test Hub, our state-of-the-art assessment portal. From scheduling your test all the way through to receiving your results, you'll be guided seamlessly through the process with just one log-in.
