

Timeline

From 2024/25

- **Technical qualifications removed** where replaced by Wave 1 and 2 T Levels (for 16-19s only, funding may be retained for adults). Intelligence so far suggests this will include both 1080 GLH and 720 GLH qualifications).
- A draft list of qualifications which will no longer continue to attract funding in 2024/25 will be published shortly, and then confirmed by Summer 2022. Any learners part way through a qualification will be able to complete their course.
- **Reformed academic and technical qualifications** which align to Digital T Level route introduced (16-19s and adults).
- **All remaining qualifications in the digital route** that have not been reformed and reapproved for funding defunded.

From 2025/26

- **Technical qualifications removed** where replaced by Wave 3 and 4 T Levels (for 16-19s only, funding may be retained for adults). (Intelligence so far suggests this will include both 1080 GLH and 720 GLH qualifications).
- **Reformed academic and technical qualifications** which align to remaining Wave 1 and 2 T Level routes, and Wave 3 Engineering and Manufacturing T Level routes introduced (16-19s and adults).
