

# Government Funding for Education 2021

## Key highlights

On 24th February 2021, the Government announced a new £700 million funding package.

The funding comprises:

- ✦ One-off Recovery Premium for state primary and secondary schools.
- ✦ Expansion of one-to-one and small group tutoring and supporting the development of disadvantaged children in early years settings.
- ✦ Summer provision for secondary schools for those pupils who need it most.

### Eligibility

The £700m will be available for all state-funded mainstream and special schools, and alternative provision (AP).

**Find out how Pearson's resources align to the EEF's practical, evidence-based guidance about directing funding in the most effective way (tiered approach) >**

### One-off Recovery Premium

- One-off £302m Recovery Premium, building on the Pupil Premium to further support those who need it most.
- The average primary school will receive around £6,000 extra, and the average secondary school around £22,000 extra.

### Expansion of one-to-one and small group tutoring

- £83m expansion of the National Tutoring Programme for primary and secondary schools, which has been shown to boost catch up learning by as much as 3-5 months at a time.
- £102m extension of the 16-19 Tuition Fund for a further year to support more students in English, maths and other vocational and academic subjects.
- £18m funding to support language development in the early years; of which £10m is allocated to a pre-reception early language programme and £8m for Nuffield Foundation to deliver the Nuffield Early Language Intervention for reception children.

### Summer provision

- £200m available to secondary schools to deliver face-to-face summer schools. Schools will be able to target provision based on pupils' needs but the government is suggesting they may want to initially target incoming year 8 pupils. This is alongside wider support funded through the Government's Holiday Activities and Food Programme.
