

Math Readiness and Transition Courses to Support the Postsecondary and Workforce Readiness Act

Illinois Educators:

As a result of the Postsecondary and Workforce Readiness Act in Illinois, high schools will be implementing new math courses for students including Transitional Mathematics. Pearson has collaborated with a number of local community colleges during the pilot phase. We asked what you needed for a successful program, and this is what you told us:

**Math Lit: A Pathway to
College Mathematics**

MyMathLab[®] for School

Looking for a digital-only solution?

Choose **MyMathLab for School** and you can access all of these, and hundreds more Pearson Math Courses! See reverse for more details and to access a demo account

MathXL® for School

MathXL for School is a powerful online homework, tutorial, and assessment supplement aligned with Pearson Education's texts in mathematics or statistics. MathXL for School is the homework and assessment engine that runs **MyMathLab for School**.

Description	ISBN	Price
MathXL for School Single-User Access Card	9780321600554	\$22.00
MathXL for School 25 pack	9780321435187	\$412.50
MathXL for School 100 pack	9780321435194	\$1,650.00

MathXL for School is a powerful online homework, tutorial, and assessment supplement aligned with Pearson Education's texts in mathematics or statistics. MathXL for School is the homework and assessment engine that runs **MyMathLab for School**.

With **MathXL for School**, teachers can do the following:

- Create, edit, and assign auto-graded online homework and tests correlated to the text.
- Use automatic grading to rapidly assess students' understanding.
- Track both student and group performance in an online gradebook.
- Prepare students for high-stakes testing.

With **MathXL for School**, students can do the following:

- Complete their homework and receive immediate feedback.
- Get self-paced assistance on problems in a variety of ways (guided solutions, step-by-step examples, video clips, and animations).
- Choose from a large number of practice problems, helping them master a topic.
- Receive personalized study plans and homework based on test results.

MyMathLab® for School

Take things further with **MyMathLab for School**. This option builds on all of the features of **MathXL for School**, but adds valuable resources such as:

- Full etext access, including via mobile devices
- Multimedia library
- Built in instructor resources
- and more!

Description	ISBN	Price
MyMathLab for School w/etext - Student Access Card - 1yr	9780133135480	\$52.47
MyMathLab for School w/etext - Student Access Card - 6yr	9780133135411	\$127.47
