

[Code Breakers \(Trailer\)](#)

Willa Igbayo: I came into college and said I am going to do computer science and I never stopped.

Jillian Troftgruben: My favorite thing about rewriting the code is the community that it provides. I love all my friends and mentors and just that feeling of accomplishment. That's what rewriting the code gave me. (:17)

Willa Igbayo: What does it feel like to create something amazing? It feels like the sun rising. (:26)
