Give your students summer freedom and online flexibility.

Your district can offer an innovative summer school option this year that allows your students to stay engaged academically while still enjoying the freedom of summer. Pearson Online and Blended Learning helps schools and districts offer online summer school programs that address students' needs and adapt to family vacation schedules.

Students can explore new interests and build new skills

With more than 100 different online courses to choose from, a Pearson Online and Blended Learning online summer school solution can suit every student's needs. Whether you have high school seniors needing math credits for graduation or parents seeking a summer enrichment activity for their kindergartner, our summer programs can help:

- **Original Credit Courses** help students satisfy graduation requirements, explore their interests, or accelerate their academic progress in courses ranging from digital photography to computer technology to math.
- **High School Credit Recovery Courses** ensure students earn the credits to move forward and acquire the skills to succeed.
- **High School Honors Courses** in Grades 9–12 provide students with rigorous assignments for enrichment and honors credits. Teachers engage students in discussion and facilitate independent exploratory projects.
- **Elementary and Middle School Courses** for students in grades K–8 who are interested in reviewing English or Math core concepts, learning a new language, or combining essential reading and math skills with technology instruction.

“Rolling” Start and End Dates

Pearson Online and Blended Learning's online summer school courses have great flexibility to fit your district's or school's summer schedule.

- Choose a start date between June 4th and July 9th.
- Last day is August 6th

Call (866) 842-7428 today to set up your summer program!

## High School Credit Recovery

These courses help high school students recover credits while focusing on the concepts necessary to keep them on track for graduation. These courses are part of a diagnostic prescriptive academic program that assists students in meeting subject standards by identifying areas of strength and weakness and focusing on standards in which students need greater mastery.

All courses are 0.5 credits

Middle School Core Courses

Students may enroll in middle school language arts and mathematics courses to brush up on core skills in preparation for the next grade level or to review concepts from the previous school year.

**Language Arts**
- Language Arts 6 A
- Language Arts 6 B
- Language Arts 7 A
- Language Arts 7 B
- Language Arts 8 A
- Language Arts 8 B

**Mathematics**
- Math 6 A
- Math 6 B
- Math 7 A
- Math 7 B
- Algebra Readiness A
- Algebra Readiness B

Middle school language arts courses will require independent purchase of materials.

Elementary and Middle Spanish

Your elementary or middle school students can be introduced to Spanish through our online World Language courses. These innovative courses feature flexibly-paced online instruction combined with live practice with language fluent speakers.

**Languages**
- Elementary Spanish I
- Elementary Spanish II
- Middle Spanish I
- Middle Spanish II

Educational Technology Courses

These programs offer students in grades K-8 essential technology skills for their age. While focusing on technology skills in which all students are required to possess by the end of the 8th grade, these programs reinforce reading, language arts, and math skills. If you wish to accelerate your student's current technology knowledge, it is suggested to place him or her in an advanced grade level program.

**Courses**
- Educational Technology – Kindergarten
- Educational Technology – 1st Grade
- Educational Technology – 2nd Grade
- Educational Technology – 3rd Grade
- Educational Technology – 4th Grade
- Educational Technology – 5th Grade
- Educational Technology – 6th Grade
- Educational Technology – 7th Grade
- Educational Technology – 8th Grade
