

# Online Summer School 2020

Summer School on Pearson Connexus

## Give your students summer freedom and online flexibility.

Your district can offer an innovative summer school option this year that allows your students to stay engaged academically while still enjoying the freedom of summer. Pearson Online and Blended Learning helps schools and districts offer **online summer school programs** that address students' needs and adapt to family vacation schedules.

*Online summer school allows your students to stay engaged academically while still enjoying the freedom of summer.*

### Students can explore new interests and build new skills

With more than 100 different online courses to choose from, a Pearson Online and Blended Learning online summer school solution can suit every student's needs. Whether you have high school seniors needing math credits for graduation or parents seeking a summer enrichment activity for their kindergartner, our summer programs can help:

- **Original Credit Courses** help students satisfy graduation requirements, explore their interests, or accelerate their academic progress.
- **High School Credit Recovery Courses** allow students to retake courses to earn the credits to move forward and acquire the skills to succeed.
- **High School Honors and Advanced Placement Courses** in Grades 9–12 provide students with rigorous assignments for enrichment, honors, and AP credits.
- **Elementary and Middle School Courses** offer younger students an opportunity to learn English or Math core concepts, to learn a new language, or to begin exploring career interests.

### “Rolling” Start and End Dates

Pearson Online and Blended Learning's online summer school courses have great flexibility to fit your district's or school's summer schedule.

- Choose a start date between June 1st and July 6th.
- Last day of classes is August 3rd.

**Call (866) 842-7428 today to set up your summer program!**

# High School Credit Recovery

These courses help high school students recover credits while focusing on the concepts necessary to keep them on track for graduation. These courses are part of a diagnostic prescriptive academic program that assists students in meeting subject standards by identifying areas of strength and weakness and focusing on standards in which students need greater mastery. Credit recovery courses are not NCAA approved.

All courses are 0.5 credits

## English

English 9 A
