How-To: Pearson Writer + Microsoft Add-in

We're excited about our partnership with Microsoft and our new add-in for Pearson Writer, and we're glad you are, too. Installing the add-in is easy. Here's how…

0365 users on PC and Mac

1. In 0365, click Insert--> Add-in
2. Choose "Microsoft Store"
3. Search for and select Pearson Writer.

Microsoft Word 2013 or 2016 users on PC
*older versions of Microsoft Word are not supported

1. Download Internet Explorer 11 if it's not already installed. (Note: IE11 is required for the add-in to run, but does not need to be your default browser).
2. In Microsoft Word, click Insert--> Add-in
3. Choose "Microsoft Store"
4. Search for and select Pearson Writer.

Microsoft Word 2016 users on Mac
*older versions of Microsoft Word are not supported

1. In Microsoft Word, click Insert--> Add-in
2. Choose "Microsoft Store"
3. Search for and select Pearson Writer.
