Virtual School

Maybe It’s Time for Your Own Virtual School

For Your Students: Personalized Learning and More
With Pearson Online & Blended Learning, each student receives individualized instruction, including lessons tailored to that student's academic strengths and weaknesses. This is Pearson Online & Blended Learning's personalized learning approach that develops a yearly academic road map for each student. It's a dynamic process through which our educators evaluate each student's strengths and needs, and then develop individual approaches that work for the student all year long.

Rigorous, Engaging Curriculum
Our curriculum is comprised of a wide array of courses designed to meet the diverse needs of today's K–12 students. The exceptional, standards-based curriculum and instructional tools integrate the essential elements necessary for quality virtual learning, including custom-built lesson plans and cutting-edge interactive content and LiveLessons®—live, synchronous lessons where students and teachers interact in real time. Pearson Online & Blended Learning also utilizes “best of breed” curriculum elements from trusted third-party content partners and integrate them into our proprietary lesson plans.

Top-Quality Teachers
Pearson Online & Blended Learning's certified teachers are specially selected and trained to work effectively with your students in a virtual environment. Pearson Online & Blended Learning's cutting-edge school management system allows them to closely track each student's progress and make sophisticated, data-driven decisions. Parents are important partners to teachers in the Pearson Online & Blended Learning equation for success.

It’s a new world in K–12 education. Parents are demanding educational choices for their children, and virtual education options provide an attractive alternative to the traditional classroom through greater flexibility in space and time, and the ability for personalized instruction. District Administrators are finding that they have students whose needs can't be met in the traditional classrooms. Maybe it's time for your own virtual school!

When you open a virtual school in partnership with Pearson Online & Blended Learning, we bring together highly personalized learning, expert virtual teachers, a proven curriculum, 21st century technology tools, and rich community experiences to create a supportive and successful school environment. Your virtual school is bound to deliver dividends—for your students and for you.

For Your School or District: Doing Well by Doing Good
Your Pearson Online & Blended Learning virtual school will answer families’ calls for a highly personalized curriculum, flexible schedules, and home-based instruction so they won’t have to go elsewhere. At the same time, your virtual school can expand your visibility in your community and beyond, bringing quality in your name to families who might otherwise be beyond your reach.

Meeting Unmet Student Needs
Think of all the students whose needs don’t quite mesh with normal school routines: Students with sports, acting, or other outside pursuits who need a flexible schedule. At-risk students, non-traditional learners and students needing extra support. Students with health issues whose frequent absences leave them struggling to keep up. Kids with extra-long bus rides and those whose families have unusual work hours. Your virtual school can meet their needs in a cost-effective and educationally sound way.

A Turnkey Program – Ready to Launch
Pearson Online & Blended Learning's turnkey program means that all the start-up work of launching a virtual school is done for you. All you have to do is bring the virtual school revolution to your community is to partner with Pearson Online & Blended Learning.

Fully Accredited with a Proven Track Record
Pearson Online & Blended Learning is accredited by AdvancED, and schools using our curriculum exclusively have also been accredited by Southern Association of Schools and Colleges, Middle States Association of Colleges and Schools, North Central Association, Northwest Association of Accredited Schools, and Western Association of Schools and Colleges. In addition, a number of Pearson Online & Blended Learning high school courses have been approved by the National Collegiate Athletic Association (NCAA).

Pearson Online & Blended Learning delivers significant gains for students across the academic spectrum—and we have for more than fifteen years. Pearson Online & Blended Learning schools regularly meet or exceed state benchmarks in core subjects. Pearson Online & Blended Learning schools also get top marks in user satisfaction: more than 96% of parents agree that our curriculum is high quality, and 92% say their students agree they are making good academic progress. Pearson Online & Blended Learning graduates have been accepted at the nation’s top colleges and universities, including: Harvard University, Amherst College, Williams College, and Penn State. Why not give your students the Pearson Online & Blended Learning advantage?
