00:00:00:15 — 00:00:04:13
At Pearson, we're committed to helping you
 prepare students to become floor—

00:00:04:14 — 00:00:05:22
ready nurses.

00:00:05:22 — 00:00:11:03
MyLab Nursing now includes NexGen NCLEX
 style questions to use in your class.

00:00:11:10 — 00:00:15:02
These newly added cases
 reflect the structure, question types

00:00:15:02 — 00:00:18:07
and scoring of the next generation
 NCLEX questions,

00:00:18:12 — 00:00:22:00
giving students sufficient practice
 prior to their licensure exam.

00:00:22:14 — 00:00:26:14
Students now have access to unfolding case
 information on the screen

00:00:26:17 — 00:00:30:08
and associated questions that support
 development of clinical judgment.

00:00:30:23 — 00:00:34:13
MyLab Nursing
 also provides instant rationale feedback,

00:00:34:20 — 00:00:37:22
giving students a deeper understanding
 of the concept at hand.

00:00:38:14 — 00:00:41:04
Updated case
 information appears throughout

00:00:41:04 — 00:00:44:08
as students input their answers
 and the case progresses.

00:00:45:00 — 00:00:49:03
New next gen question types
 include cloze, drag and drop,

00:00:49:11 – 00:00:53:18
                                    highlighting, enhanced
               hot spot, multiple response and more.

00:00:54:09 – 00:00:57:02
In this example, students
 identified the data

00:00:57:02 – 00:01:01:01
that is most concerning to the nurse
 by highlighting the relevant content.

00:01:01:17 – 00:01:05:19
Drag and drop requires students
 to identify priority assessment findings

00:01:06:00 – 00:01:09:19
that require immediate follow up.
 Cloze style questions.

00:01:09:23 – 00:01:13:21
Ask students to select the best option
 from a dropdown.

00:01:13:21 – 00:01:15:10
Multiple response questions

00:01:15:10 – 00:01:18:18
ask students to select all answers
 that apply.

00:01:18:18 – 00:01:23:16
Matrix questions allow one or more answer options
 to be selected in a row or column.

00:01:24:07 – 00:01:28:06
There are also new standalone questions,
 such as Bow Tie, where

00:01:28:06 – 00:01:32:03
students drag answers from the options
 provided to complete a diagram.

00:01:32:18 – 00:01:35:03
Upon completion of a case, detailed

00:01:35:03 – 00:01:38:06
reporting is added and made available via
 the grade book.

00:01:38:22 — 00:01:42:23
With next generation NCLEX questions
 included in MyLab Nursing,

00:01:42:23 — 00:01:47:23
faculty have the tools to help prepare students
 for the NCLEX exam wherever they are.

00:01:49:01 — 00:01:49:19
See how our

00:01:49:19 — 00:01:53:20
combination of trusted author content
 and a robust digital platform

00:01:54:00 — 00:01:57:01
can help you teach
 clinical reasoning skills in your course.
