Experience Pearson Connexus

Parent view

"The world is but a canvas to the imagination."

- Henry David Thoreau

Parent view

Video shows screens of the Pearson Connexus product, along with the following steps:

Parents log in and pick the student they want to view

On screen, a user selects a student from the menu

And do the most important thing: check their student's grades and progress!

The user navigates to the gradebook to view scores, teachers, and progress by course.

Parents can drill down to get details in each course

The screen scrolls through details for a course by topic

Including specific activity information like time spent on an assignment, when it was submitted, and correct answers

A quiz summary page shows details including score, submission date, active time, questions, and submission history.

Parents can access the Family 411 to engage in a variety of topics

The user selects Family 411 from the main menu and a welcome page comes up, and they scroll through Resources such as Orientation & Tutorials, Getting Started, Daily Tasks, and more.

The Orientation & Tutorials section provides resources to help parents successfully navigate the platform and content

The user clicks on the Caretaker User Guide, scrolling through the digital content.

Getting Started provides best practices for setting up students for a successful school year

This section of the product shows templates and guides, including the Our Family Plan Template. The users scrolls through the PDF worksheet.

The Resources section provides families with supplementary material for student learning

This section includes document links such as reading lists, recommended websites, and guidelines for academic integrity. The users scrolls through a PDF document.

Instructional Support offers helpful videos and resources about the philosophy of student learning

This content page shows many video and document resources. The user samples a video on the topic of “Growth Mindset”.

Staying Connected gives ideas for keeping students socially engaged in the world around them

This section shows a document link titled “Socializing Your Student”, which the user clicks.

Pearson Connexus gives you the tools you need to ensure your students success in online learning.
