

## AUDIO

SFX: Upbeat music

Your students *want* to succeed.

But they're *busy*.

When they need help, they need it *now*.

Even if it's 3 a.m.

Smarthinking helps, with 24x7 online tutoring available *anywhere*, on *any* device.

You can trust our subject experts—90% with relevant masters, PhDs, or industry expertise.

And they all use our proven pedagogy.

We engage. Encourage. Reveal connections.

But we *never* do the work for students.

That's tutoring the way *you'd* do it.

The kind of support they need.

That's why it *works*.

That's why it helps improve retention, completion, and student confidence.

9 of 10 students say they'd refer us to a friend.

When they do, we're here.

Helping at all levels, from development to grad school.

And with any writing project.

*Even resumes.*

By partnering with Smarthinking, you can scale tutoring for **every** program.

We'll support you at every step.

Plus, we'll provide **actionable data** on your students' sessions...

...and help you use it to **improve instruction**.

That's smart tutoring.

That's *Smarthinking*.

That *works*.
