(soft music)

- [Narrator] Introducing MyLab IT NextGen, unparalleled simplicity, speed and more.

Today's platform will dramatically improve student learning thanks to our streamlined, elegant instructor delivery.

In fact, you'll save valuable time, up to an incredible 50% or more.

This platform significantly advances the mastery of our Microsoft® 365 Office 2021 content.

Let's look at three outstanding features of MyLab IT NextGen.
First, consider the Course Homepage. There's a wealth of critical information right at your fingertips. Important details and data on course notifications, class statistics for completed work, recent gradebook results, upcoming assignments and more.

Secondly, here's the MyLab IT NextGen Assignment Manager. It's a major upgrade. Today, it's easier than ever.
to rename assignments

00:01:02,328 --> 00:01:03,430
and to reorder them.

00:01:04,998 --> 00:01:06,266
Tagging specific assignments

00:01:06,266 --> 00:01:07,333
is also easier

00:01:08,535 --> 00:01:09,936
and the calendar functionality

00:01:09,936 --> 00:01:11,404
is more robust

00:01:11,404 --> 00:01:13,173
with a faster search capability.

00:01:14,040 --> 00:01:16,342
Assigning and setting

dates is straightforward

00:01:14,040 --> 00:01:16,342
and changes will update automatically.

00:01:22,082 --> 00:01:24,050
Plus, you now have full coordinator

00:01:24,050 --> 00:01:25,318
and member functionality

00:01:25,318 --> 00:01:26,119
where changes made in
the coordinator course

will automatically flow to member courses.

Lastly, our Cloud-based Simulations

boast significant Office 2021 improvements

to mimic real life experiences for students.

With a fully functional toolbar,

one-to-one learning aids,

a virtual keyboard,

and Auto-Graded Grader projects

that monitor integrity violations,

you'll have peace of mind

while students master
their skills for the workplace.

It all adds up to an outstanding platform that's best-in-class for both instructors and students.
