### What was your motivation for using Pearson Writer?

I was first introduced to Pearson Writer while taking my Introduction to American Politics class. The teaching assistant discussed Pearson Writer as part of a writing assignment. I was under the impression that using Pearson Writer was part of the assignment. As it turns out, it wasn't required. But, I found it helpful and used Pearson Writer for another writing assignment for another class.

### How did using Pearson Writer help you succeed in your course?

I received a very high grade on my political science paper and a perfect score on another paper. I considered myself a pretty decent writer, but Pearson Writer exposed my use of commas in quotes as being less than perfect. Pearson Writer also exposed some sentence structure problems I was having.

### What is your favorite feature of Pearson Writer and why?

My favorite feature of Pearson Writer is the correction feature. It suggests correct uses of commas and corrects sentences that may be run-on or incomplete. Even though the spell check feature in Microsoft Word highlights misspelled words and sentence structure problems, it is great to have the reinforcement from Pearson Writer.

### How will Pearson Writer make an impact on your college experience?

Pearson Writer will definitely have an impact throughout the remainder of my undergraduate courses and in law school. Hopefully, Pearson Writer will help me improve my writing skills, not only in school, but throughout my career as an attorney as well.
