Master 4

# Connections: Animal Fun Facts

Order the animals from least to greatest mass.

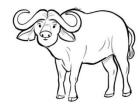

#### Polar bear

475 kg

Polar bears feed mostly on seals. They have a good sense of smell and can smell seals almost 2 km away.

## Water buffalo

725 kg

Water buffalo are sensitive to heat. They are known to roll in mud to help cool themselves down.

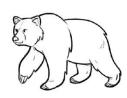

#### Seal

425 kg

Seals have thick fur and blubber to protect them against freezing temperatures.

#### Brown bear

278 kg

Brown bears dig caves with their long claws. They sleep in the caves for most of the winter.

## Moose

386 kg

Moose are excellent swimmers. They can swim 10 km per hour without a break for 2 hours.

### Yak

667 kg

Yaks have very strong horns. They are used to break through snow to get plants that are buried below.
