

ORGANISATIONAL BEHAVIOUR, 10TH EDITION
TABLE OF CONTENTS

10th edition

ORGANISATIONAL BEHAVIOUR

Robbins • Judge • Hunt • Campbell • Khan • Xu

Brief Contents

PART 1 Introduction

CHAPTER 1 What is organisational behaviour?

PART 2 The individual

CHAPTER 2 Diversity, equity and inclusion in organisations

CHAPTER 3 Attitudes and job satisfaction

CHAPTER 4 Personality and values

CHAPTER 5 Emotions and moods

CHAPTER 6 Perception and individual decision making

CHAPTER 7 Motivation: from concept to application 160

PART 3 The group

CHAPTER 8 Foundations of group behaviour

CHAPTER 9 Understanding work teams

CHAPTER 10 Communication

CHAPTER 11 Leadership

CHAPTER 12 Power and politics

CHAPTER 13 Conflict and negotiation

PART 4 The organisation system

CHAPTER 14 Foundations of organisational structure

CHAPTER 15 Organisational culture

CHAPTER 16 Organisational change and stress management

Detailed Contents

PART 1 INTRODUCTION

CHAPTER 1 What is organisational behaviour?

The importance of interpersonal skills
Management and organisational behaviour
Management functions
Management roles
Management skills
Effective versus successful managerial activities
Organisational behaviour
Complementing intuition with systematic study
Myth or science? 'Management by walking around is the most effective management'
Disciplines that contribute to OB
Psychology
Social psychology
Sociology
Anthropology
There are few absolutes in OB
Challenges and opportunities
Economic pressures
Continuing globalisation
Workforce demographics
Workforce diversity
Customer service
People skills
Networked organisations
Social media
Employee well-being at work
Positive work environment

Improving ethical behaviour
Coming attractions: developing an OB model
An overview
Inputs
Processes
Outcomes
Employability skills
Employability skills across majors

Summary

Questions for review

Experiential exercise

Case study 1

Case study 2

PART 2 THE INDIVIDUAL

CHAPTER 2 Diversity in organisations

Diversity

Demographic characteristics of the Australian workforce

Levels of diversity

Discrimination

Ethical choice Women in combat in the Australian military: helpful or harmful?

Stereotype threat

Discrimination in the workplace

Biographical characteristics

Age

Gender

Race and ethnicity

Myth or science? 'Bald is better'

Disability
Invisible disabilities
Other differentiating characteristics
Tenure
Religion
Sexual orientation and gender identity
Cultural identity
Career Objectives Should I come out at work?

Ability
Intellectual abilities
Physical abilities
Implementing diversity management strategies
Attracting, selecting, developing and retaining diverse employees
Diversity in groups
Expatriate adjustment
Effective diversity programs

Summary

Implications for managers

Point/Counterpoint *Changes are necessary to the 457 visa program for temporary foreign workers*

Questions for review

Application and employability

Experiential exercise *Differences*

Case study 1 Invisible disabilities: mental illness in organisations

Case study 2 Making parliament house accessible

CHAPTER 3 Attitudes and job satisfaction

Attitudes
What are the main components of attitudes?
Job attitudes

Job satisfaction
Job involvement
Ethical choice Office talk
Organisational commitment
Perceived organisational support
Employee engagement
Are these job attitudes really all that distinct?
Job satisfaction

Measuring job satisfaction
How satisfied are people with their jobs?
What causes job satisfaction?

Job conditions

Myth or science? 'Happy workers means happy profits'

Personality

Pay

Corporate social responsibility (CSR)

Outcomes of job satisfaction

Job performance

Career Objectives How can I make my job better?

Organisational citizenship behaviours

Customer satisfaction

Life satisfaction

The impact of job dissatisfaction

Counterproductive work behaviour (CWB)

Managers often 'don't get it'

Summary

Implications for managers

Point/Counterpoint *Employer–employee loyalty is an outdated concept*

Questions for review

Application and employability

Experiential exercise *Job attitudes situational interview*

Case study 1 Self-service checkouts: from people to computers

Case study 2 Job crafting

CHAPTER 4 Personality and values

Personality

What is personality?

Career Objectives How do I ace the personality test?

Personality frameworks

The Myers–Briggs Type Indicator

The Big Five model

How do the Big Five traits predict behaviour at work?

The Dark Triad

Other personality traits relevant to OB

Core self-evaluations (CSEs)

Self-monitoring

Myth or science? ‘We can accurately judge individuals’ personalities a few seconds after meeting them’

Proactive personality

Personality, job search and unemployment

Personality and situations

Situation-strength theory

Trait activation theory

Values

The importance of values

Terminal versus instrumental values

Generational values

Linking an individual’s personality and values to the workplace

Personality–job fit

Person–organisation fit

Other dimensions of fit

Ethical choice Do you have a cheating personality?

Cultural values

Hofstede’s framework for assessing cultures

The GLOBE framework for assessing cultures

Comparing Hofstede’s framework with the GLOBE framework

Summary

Implications for managers

Point/Counterpoint *Millennials are more narcissistic*

Questions for review

Application and employability

Experiential exercise *Your best self*

Case study 1 On the costs of being nice

Case study 2 Success in business consulting: personality does matter!

CHAPTER 5 Emotions and moods

What are emotions and moods?

The basic emotions

Moral emotions

Experiencing moods and emotions

Myth or science? ‘Smile, and the work world smiles with you’

The function of emotions

Sources of emotions and moods

Personality

Time of the day

Day of the week

Weather

Stress

Social activities

Sleep

Exercise

Age
Gender
Emotional labour
Affective events theory
Emotional intelligence
Ethical choice Should managers use emotional intelligence (EI) tests?
Emotion regulation
Emotion regulation influences and outcomes
Emotion regulation techniques
Ethics of emotion regulation
OB applications of emotions and moods
Selection
Decision making
Creativity
Motivation
Leadership
Negotiation
Customer service
Work–life balance
Career Objectives How do I deal with a shouting boss?
Deviant workplace behaviours
Safety and injury at work
Summary
Implications for managers
Point/Counterpoint *Sometimes losing your temper is a good thing*
Questions for review
Application and employability
Experiential exercise *Mindfulness at work*
Case study 1 Furry friends in the workplace
Case study 2 When the going gets boring

CHAPTER 6 Perception and individual decision making

What is perception?
Factors that influence perception
Person perception: making judgements about others
Attribution theory
Common shortcuts in judging others
Career Objectives So what if I'm a few minutes late to work?
Specific applications of shortcuts in organisations
The link between perception and individual decision making
Decision making in organisations
The rational model, bounded rationality and intuition
Common biases and errors in decision making
Myth or science? 'All stereotypes are negative'
Influences on decision making: individual differences and organisational constraints
Individual differences
Organisational constraints
Three ethical decision criteria
Ethical choice Choosing to lie
Improving creativity in decision making
Creative behaviour
Causes of creative behaviour
Creative outcomes (innovation)
Summary
Implications for managers
Point/Counterpoint *Implicit assessment*
Questions for review
Application and employability
Experiential exercise *Mafia*
Case study 1 Warning: collaboration overload

Case study 2 Feeling bored again

CHAPTER 7 Motivation: from concept to application

Defining motivation

Early theories of motivation

Hierarchy of needs theory

Two-factor theory

McClelland's theory of needs

Career Objectives Why won't he take my advice?

Contemporary theories of motivation

Self-determination theory

Myth or science? 'Helping others and being a good citizen is good for your career'

Goal-setting theory

Self-efficacy theory

Reinforcement theory

Ethical choice Motivated by Big Brother

Equity theory/organisational justice

Expectancy theory

Applied motivation: job design

The job characteristics model

How can jobs be redesigned?

Job rotation

Job enrichment

Alternative work arrangements

Flexitime

Job sharing

Telecommuting

Applied motivation: employee involvement

Examples of employee involvement programs

Linking employee involvement programs and motivation theories

Applied motivation: rewarding employees

What to pay: establishing a pay structure

How to pay: rewarding individual employees through variable-pay programs

Flexible benefits: developing a benefits package

Intrinsic rewards: employee recognition programs

Summary

Implications for managers

Point/Counterpoint *Goals get you to where you want to be*

Questions for review

Application and employability

Experiential exercise *Organisational justice*

Case study 1 Goodbye to the annual pay rise?

Case study 2 We talk, but they don't listen

PART 3 THE GROUP

CHAPTER 8 Foundations of group behaviour

Defining and classifying groups

Social identity

Ingroups and outgroups

Social identity threat

Stages of group development

Group property 1: roles

Role perception

Role expectations

Role conflict

Role-play and assimilation

Myth or science? 'Gossip and exclusion are toxic for groups'

Group property 2: norms

Norms and emotions

Norms and conformity

Ethical choice Using peer pressure as an influence tactic

Norms and behaviour

Positive norms and group outcomes

Negative norms and group outcomes

Norms and culture

Group property 3: status, and group property 4: size and dynamics

Status

Size and dynamics

Group property 5: cohesiveness, and group property 6: diversity

Cohesiveness

Diversity

Group decision making

Groups versus the individual

Career Objectives Can I fudge the numbers and not take the blame?

Groupthink and groupshift

Group decision-making techniques

Summary

Implications for managers

Point/Counterpoint *Diverse workgroups are smarter and more innovative*

Questions for review

Application and employability

Experiential exercise *Wilderness survival*

Case study 1 Negative aspects of group collaboration

Case study 2 Intragroup trust and survival

CHAPTER 9 Understanding work teams

Why have teams become so popular?

Differences between groups and teams

Types of teams

Problem-solving teams

Self-managed work teams

Cross-functional teams

Virtual teams

Multi-team systems

Ethical choices The size of your meeting's carbon footprint

Creating effective teams

Contextual factors

Team composition

Myth or science? 'Team members who are "hot" should make the play'

Career Objectives Is it wrong that I'd rather have guys on my team?

Team processes

Turning individuals into team players

Selection: selecting team players

Training: creating team players

Rewarding: providing incentives to be a good team player

Beware! Teams aren't always the answer

Summary

Implications for managers

Point/Counterpoint *To get the most out of teams, empower them*

Questions for review

Application and employability

Experiential exercise *Should you use self-managed teams?*

Case study 1 Trusting someone you can't see

Case study 2 Smart teams and dumb teams

CHAPTER 10 Communication

Functions and process of communication

Direction of communication
Downward communication
Upward communication
Lateral communication
Formal small-group networks
The grapevine
Modes of communication
Oral communication
Career Objectives Isn't this disability too much to accommodate?
Written communication
Myth or science? 'Today, writing skills are more important than speaking skills'
Non-verbal communication
Choice of communication method
Channel richness
Choosing communication methods
Information security
Ethical choice Lying the right way: an ethical case for deceitful communication
Persuasive communications
Automatic and controlled processing
Barriers to effective communication
Filtering
Selective perception
Information overload
Emotions
Language
Silence
Communication apprehension
Lying
Cultural factors
Cultural barriers
Cultural context

A cultural guide

Summary

Implications for managers

Point/Counterpoint *Monitoring employee social media*

Questions for review

Application and employability

Experiential exercise *Conveying tone through email*

Case study 1 Do men and women speak the same language?

Case study 2 Trying to cut the grapevine

CHAPTER 11 Leadership

Trait theories

Behavioural theories

Career Objectives How can I get my boss to be a better leader?

Summary of trait and behavioural theories

Contingency theories

The Fiedler contingency model

Situational leadership theory

Path-goal theory

Leader-participation model

Contemporary theories of leadership

Leader-member exchange (LMX) theory

Charismatic leadership

Transactional and transformational leadership

Ethics and trust in leadership

Ethical leadership

What is authentic leadership?

Servant leadership

Ethical choice Holding leaders ethically accountable

Myth or science? 'Top leaders feel the most stress'

Trust and leadership

Challenges to our understanding of leadership

Leadership as an attribution

Substitutes for and neutralisers of leadership

Selecting leaders

Training leaders

Summary

Implications for managers

Point/Counterpoint *Heroes are made, not born*

Questions for review

Application and employability

Experiential exercise *What's in a leader?*

Case study 1 Leadership, strategy and the management consultancy industry

Case study 2 Leadership by algorithm

CHAPTER 12 Power and politics

A definition of power

Bases of power

Formal power

Personal power

Which bases of power are most effective?

Dependence the key to power

The general dependence postulate

What creates dependence?

Social network analysis: a tool for assessing resources

Power tactics

Using power tactics

Cultural preferences for power tactics

Applying power tactics

How power affects people

Power variables

Sexual harassment: unequal power in the workplace

Politics: power in action

Definition of organisational politics

The reality of politics

The causes and consequences of political behaviour

Factors contributing to political behaviour

Career Objectives Should I become political?

Myth or science? 'Powerful leaders keep their (fr)enemies close'

How do people respond to organisational politics?

Impression management

Ethical choice How much should you manage interviewer impressions?

The ethics of behaving politically

Mapping your political career

Summary

Implications for managers

Point/Counterpoint *Everyone wants power*

Questions for review

Application and employability

Experiential exercise *Understanding power dynamics*

Case study 1 Barry's peer becomes his boss

Case study 2 Should women have more power?

CHAPTER 13 Conflict and negotiation

Types and loci of conflict

Types of conflict

Loci of conflict

The conflict process

Stage I: potential opposition or incompatibility

Stage II: cognition and personalisation

Stage III: intentions

Stage IV: behaviour

Stage V: outcomes

Negotiation

Bargaining strategies

Myth or science? 'Teams negotiate better than individuals in collectivistic cultures

The negotiation process

Preparation and planning

Definition of ground rules

Career Objectives How can I get a better job?

Clarification and justification

Bargaining and problem solving

Closure and implementation

Individual differences in negotiation effectiveness

Personality traits in negotiation

Moods/emotions in negotiation

Ethical choice Using empathy to negotiate more ethically

Culture in negotiations

Gender differences in negotiations

Negotiating in a social context

Reputation

Relationships

Third-party negotiations

Summary

Implications for managers

Point/Counterpoint *Non-union positions and the gig economy are bad for workers*

Questions for review

Application and employability

Experiential exercise *A negotiation role-play*

Case study 1 Disorderly conduct

Case study 2 Treaty or consultation as conflict resolution

PART 4 THE ORGANISATION SYSTEM

CHAPTER 14 Foundations of organisational structure

What is organisational structure?

Work specialisation

Departmentalisation

Chain of command

Span of control

Centralisation and decentralisation

Formalisation

Boundary spanning

Common organisational designs

Simple structure

Bureaucracy

Ethical choice Ethical concerns of deskless workplaces

Matrix structure

Alternate design options

Virtual structure

Team structure

Career Objectives What structure should I choose?

Circular structure

The leaner organisation: downsizing

Why do structures differ?

Organisational strategies

Organisation size

Technology

Myth or science? 'Employees can work just as well from home'

Environment

Institutions

Organisational designs and employee behaviour

Summary

Implications for managers

Point/Counterpoint *Open-air offices inspire creativity and enhance productivity*

Questions for review

Application and employability

Experiential exercise *The sandwich shop*

Case study 1 Creative deviance: bucking the hierarchy?

Case study 2 Complex hierarchy in action in the Australian Army

CHAPTER 15 Organisational culture

What is organisational culture?

Defining organisational culture

Types of organisational culture

Culture is a descriptive term

Do organisations have uniform cultures?

Myth or science? 'An organisation's culture is forever'

Strong versus weak cultures

What do cultures do?

Culture's functions

Culture and climate

The ethical dimension of culture

Culture and organisational performance

Culture as an organisational challenge

Creating and sustaining culture

Establishing a culture

Keeping a culture alive

How employees learn culture

Stories

Rituals

Symbols

Language

Changing organisational cultures

Developing an ethical culture

Developing a positive culture

Ethical choice A culture of contradiction

Career Objectives How do I learn to lead?

The global context

Summary

Implications for managers

Point/Counterpoint *Organisational culture can be 'measured'*

Questions for review

Application and employability

Experiential exercise *Culture architects*

Case study 1 The place makes the people

Case study 2 Active cultures

CHAPTER 16 Organisational change and stress management

Forces for change

The nature of change

Where is change most effective?

Planned change

Resistance to change

Overcoming resistance to change

The politics of change

Models of planned organisational change

Lewin's three-step model

The positive model

Organisational development approach to planned change

Creating more continuous change

Stimulating a culture of innovation

Organisational change and stress

Work stress and its management

What is stress?

The stress–performance relationship

Multiple stressors increase stress exponentially

The organisational cost of work-related mental stress

Potential sources of stress

Career Objectives How can I bring my team's overall stress level down?

Moderating effect of individual differences

Ethical choice Manager and employee stress during organisational change

Cultural differences

Consequences of stress

Physiological symptoms

Psychological symptoms

Myth or science? 'When you're working hard, sleep is optional

Behavioural symptoms

Managing stress

Individual approaches

Organisational approaches

Summary

Implications for managers

Point/Counterpoint *Companies should encourage stress reduction*

Questions for review

Application and employability

Experiential exercise *Learning from work*

Case study 1 Change at SEE Business Solutions

Case study 2 Getting active at work
