

NEW New Senior Mathematics 4th Edition

- ✓ Trusted since 1983
- ✓ Updated for the new 2026 Advanced and Extension Stage 6 Syllabus.

The all-new New Senior Mathematics 4th Edition delivers a solid foundation while challenging students to reach their full potential. Written by experienced local authors, this updated series ensures comprehensive coverage of the latest curriculum, including student books, eBooks and worked solutions for the Advanced and Extension courses.

New Senior Mathematics 4th Edition

What's new in the 4th edition?

The new edition maintains the high quality and much of the popular content of the previous edition, updated to ensure you are supported with "What works best" teaching strategies for the new scope and sequence.

- **Fully updated for the new 2026 syllabus.** Updated for NESA's new Stage 6 syllabus, rolling out in 2026 (Year 11) and 2027 (Year 12).
- **Flexible, seamless access to solutions.** All worked solutions available in the eBook or a printed book.

Leading content teachers trust

- **Built for academic excellence.** Rigorous, no-frills content that prepares students for higher education.
- **Interactive digital learning.** Help students visualise and manipulate data in real-time.
- **Comprehensive teacher support.** You'll find practice exams, question banks, investigations, and fully worked solutions to save time.

Experienced authors

Since J.B. "Bernie" Fitzpatrick's first edition in 1983, New Senior Mathematics has maintained its reputation for quality and rigour. The new edition is no different, led by Bob Aus, a NSW educator with 40 years' experience as a teacher, examiner, and author.
