

Pearson Secondary Teaching Hub

For the Australian Curriculum V9.0 Science for Years 7 to 10

Simplified teaching and energised learning.

A one-of-a-kind digital product designed to simplify teaching and energise learning, written by experienced Australian Educators that know how to engage students.

We simplify teaching with a **flexible hub of digital lessons** that 4 out of 5 of teachers agree is easy to use. In just a few clicks, you can plan, save, teach and auto-assess digital lessons for every class.

We energise learning with **engaging content** including videos, flip cards, auto-assessing quizzes and more, split into small content chunks allowing for a read a little, do a little approach. Use the hub alongside complementary printed Student Companions to practice and consolidate learning, to give students the perfect mix of online and offline content to maximise learning.

Attend our webinar on 18th July or 1st August

Resources for flexible teaching and learning

Developed in consultation with educators from across Australia, the *Pearson Teaching Hub* has been designed for classrooms that want to utilise digital and printed resources in a flexible way.

Pearson Teaching Hub provides access to:

A flexible digital hub for the whole curriculum

- Discover a library of quality content, assessment, videos, activities and more, broken down into curriculum-aligned topics and lessons across years 7 to 10.
- Assign content from the *Pearson Teaching Hub* directly to the LMS your students use, like Microsoft Teams or Google Classroom, no separate student logins required.
- Understand where your students are at with reporting dashboards and downloadable progress reports.

Student companion books embed learning

- Complementary to the digital hub, providing balance between onscreen and offscreen learning.
- Designed to be a portfolio of learning for students to build on throughout the year.
- Great for flipped learning, active learning, homework, revision and more.

Downloadable resources

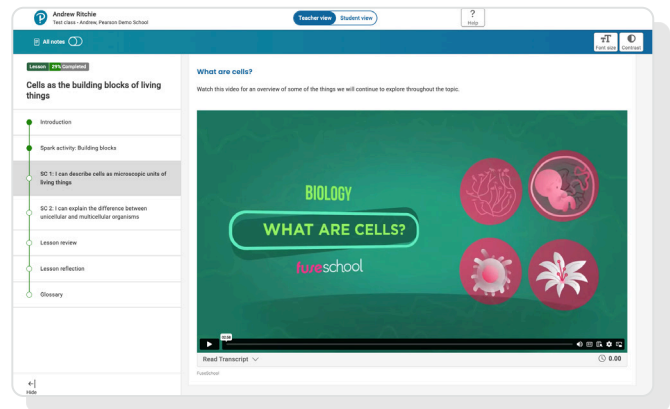

- For the resources that just make sense to use as downloads like **teaching programs** and worksheets.
- Easily accessible as digital versions and downloadables from relevant topics and lessons in the digital hub.

Content to support a smooth transition to the new curriculum

Everything you need to transition to the new curriculum versions in a way that works best for you and your students.

Pearson Teaching Hub provides access to:

- Digital topics, lessons and assessments to teach the entire Australian Curriculum V9.0 Science Years 7-10.
- Mapping to V8.4 Curriculum if you're still in transition.
