

ROBOT INVASION STAN CHAMBERS

Review: George Campbell

Robot Invasion is a science-fiction story. The main character, Fran Joseph, is the owner of a car factory. She arrives at work one morning to find her factory has been invaded by robots. In fact, robots are using her machinery to make robot cars. *Robot Invasion* is the story of Fran Joseph's battle with the robots.

This was a fiction story but it made me think how terrible it would be if robots did invade our world. Imagine if robots took over our homes or our school. *Robot Invasion* is written in a way that makes you believe that this invasion could happen. I liked it when Fran Joseph decided she couldn't be controlled by robots anymore and she became a very strong character. If you are already a science-fiction fan, then add this to your list of stories to read. If you have never read science-fiction before, then *Robot Invasion* would be a good introduction to
