

The screenshot shows a digital lesson plan interface. At the top, there are navigation options for 'Teacher view' and 'Student view', along with icons for 'Help', 'Font size', and 'Contrast'. The main content area displays a lesson plan for 'Movements of water through the water cycle'. A progress bar indicates '57% COMPLETED'. The lesson plan includes sections for 'Lesson plan', 'Spark: the many forms of water', 'Understand: What makes water a renewable resource?', 'Check your understanding', 'Apply: Human impacts on the water cycle', and 'Reflection'. A diagram of the water cycle is shown, with a caption: 'This diagram shows the stages of the water cycle'. Below the diagram, there is a text block explaining that water is always moving and changing, and that it always returns to Earth in some form. A 'Hide' button is visible at the bottom left of the interface.

Pearson Secondary Teaching Hub

Fully aligned to the new Australian Curriculum for Years 7 to 10* Geography.

Developed in consultation with educators from across Australia, *Secondary Teaching Hub* is an expertly designed resource that is unlike any other resource available to geography educators right now. It features a **robust digital hub** as its foundation, offering curriculum-aligned digital content, assessment, videos, activities and more. The digital hub is complemented by printed **student companion books** and a library of trustworthy **downloadable resources** to deliver a complete teaching and learning solution for schools teaching the Australian Curriculum for Years 7 to 10* geography.

🔍 Resources for flexible teaching and learning

Developed in consultation with educators from across Australia, *Secondary Teaching Hub* has been designed for classrooms that want to utilise digital and printed resources in a flexible way.

Secondary Teaching Hub provides access to:

A robust digital hub

- Discover a library of quality content, assessment, videos, activities and more, broken down into curriculum-aligned topics and lessons across years 7 to 10*.
- Assign content from *Secondary Teaching Hub* directly to the LMS your students use, like Microsoft Teams or Google Classroom, no separate student logins required.
- Understand where your students are at with reporting dashboards and downloadable progress reports.

Student companion books

- Complementary to the digital hub, providing balance between onscreen and offscreen learning.
- Designed to be a portfolio of learning for students to build on throughout the year.
- Great for flipped learning, active learning, homework, revision and more.

Downloadable resources

- For the resources that just make sense to use as downloads like teaching programs and worksheets.
- Easily accessible as digital versions and downloadables from relevant topics and lessons in the digital hub.

🔍 Content to support a smooth transition to the new curriculum

Everything you need to transition to the new curriculum versions in a way that works best for you and your students.

Secondary Teaching Hub provides access to:

- New digital topics written to give full coverage of the new Australian Curriculum.

Curriculum selection

Select which curriculum you want to show content for in your search results.

- Australian Curriculum v9.0
- Australian Curriculum v8.4
- NSW Syllabus
- Victorian Curriculum v2.0

Australian Curriculum v9.0

AC9HG7K01

classification of environmental resources and the way that water connects and changes places as it moves through environments

Knowledge and understanding > Water in the world

Your essential resource for AC Geography in 2024

When your school adopts *Secondary Teaching Hub*, teachers are given free access to the digital hub and students can purchase their digital subscription and student companion books via Pearson or your school's bookseller.

ISBN	Secondary Teaching Hub components	Student price
9780655715887	Years 7–10 Geography Digital Hub	\$50.00 ▶ Annual subscription
