

# The most trusted VCE Science content

# Heinemann Chemistry 1 & 2, 6th edition

Heinemann Chemistry 6th edition is your one-stop shop for VCE Chemistry.

Developed by Pearson, in partnership with the Chemistry Education Association and PASCO, the series provides quality content that completely covers the 2023–2027 Chemistry Study Design. All content offers the rigour and depth required to address the new VCE requirements, saving you time and making your transition to the new study design easy.

Offering new features to address your emerging needs, the 6th edition has also retained the features you loved in the 5th edition. It provides digital assessment, a clear and well-paced layout, language more accessible to students, comprehensively addressed key science skills, carefully written and reviewed practice exam questions with fully worked solutions and all the resources and teacher support needed to transition to the new study design with confidence.

The focus of this one-stop shop resource, is to provide the right materials to get the best outcomes for VCE Chemistry students to prepare them for a career in STEM-related fields.

I always felt that their interpretation of the study design was spot on. I like the fact that you've got multiple questions for the girls to practise with as well.

- Pauline Tawa, Marian College

# Heinemann Chemistry 1 & 2, 6th edition

# Introducing the enhanced eBook with assessment

Save time by accessing content and assessment in one simple-to-use platform - the new Heinemann Chemistry 6th edition enhanced eBook with assessment.

#### Learners can access:

- **new** digital assessment questions with scaffolded hints, auto-correction and instant feedback
- student book fully worked solutions
- **new** videos
- new SPARKlab versions of the skills and assessment book practical activities, developed in collaboration with PASCO, through their Australian partners, Cider House Tech.

#### **Teachers can access:**

- **new** digital assessment tool for informing planning, assigning work, tracking progress and identifying gaps
- **new** comprehensive sample teaching plan
- **expanded** suite of practice exam materials
- rich support for Area of Study 3
- solutions and support for the skills and assessment book.

# • Address the latest developments and applications in Chemistry

Written to the new VCE Chemistry Study Design 2023–2027, the student book incorporates bestpractice literacy and learning design to ensure the content and concepts are fully accessible to all learners

#### The student book includes:

- new case studies with real-world data and analysis questions
- a smooth progression from low to high order questions in section, chapter and area of study reviews.

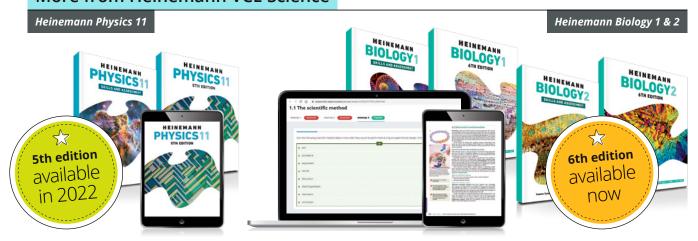

# • Give students the edge in applying key science skills and preparing for all forms of assessment

The **NEW** Skills and assessment book boasts a skills toolkit, providing essential assessment support.

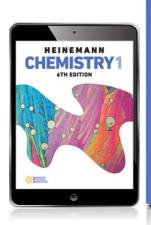

## The skills and assessment book also includes:

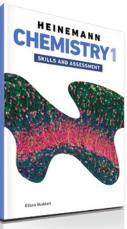

- key knowledge study notes
- worksheets
- practical activities
- exam-style questions for each area of study
- sample Area of Study 3 investigations.

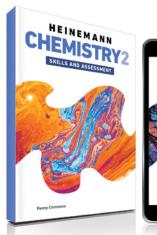

## More from Heinemann VCE Science

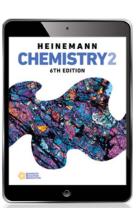

#### TABLE OF CONTENTS

## Heinemann Chemistry 1, 6th edition Student book

#### Available in 2022 for implementation in 2023.

**Chapter 1:** Scientific investigation

**Unit 1:** How can the diversity of materials be

explained?

**Area of study 1 •** How do the chemical structures of materials explain their properties and reactions?

**Chapter 2:** Elements and the periodic table

Chapter 3: Covalent substances

Chapter 4: Metals

**Chapter 5:** Ionic compounds

**Chapter 6:** Separation and identification of

components of mixtures

Area of study 1 • Review questions

Area of study 2 • How are materials quantified and

classified?

Chapter 7: Quantifying atoms and compounds

**Chapter 8:** Organic compounds

**Chapter 9:** Polymers and society

Area of study 2 • Review questions

## Heinemann Chemistry 2, 6th edition\* Student book

### Available in 2023 for implementation in 2024.

**Chapter 1:** Scientific investigation

**Unit 3:** How can design and innovation

contribute to optimising chemical processes?

**Area of study 1 •** What are the options for producing chemical energy without organic fuels?

Chapter 2: Organic fuels

Chapter 3: Obtaining energy from fuels

**Chapter 4:** Redox reactions

**Chapter 5:** Primary galvanic cells and fuel cells as

sources of energy

Area of study 1 • Review questions

**Area of study 2 •** How can the rate and yield of chemical reactions be optimised?

**Chapter 6:** Rates of chemical reactions

**Chapter 7:** Extent of chemical reactions

**Chapter 8:** Production of chemicals using electrolysis

Chapter 9: Designing for energy efficiency and

sustainability

Area of study 2 • Review questions

<sup>\*</sup> The table of contents for *Heinemann Chemistry 2*, 6th edition is subject to change before final publishing in 2023.

If you know exactly what you need, please enter the quantity required in the table below and include your school purchase order number in section 2.

## Not sure if a title is right for you?

We can arrange a digital copy of the Student Book, this allows you and other members of your faculty to review the title for 30 days free of charge.

#### Requesting a digital inspection copy is easy!

Simply contact your local Pearson Consultant. Scan the QR code for your local Pearson Consultant details.

Firm Order Qty	ISBN		List Price (GST inc.)
Heinemann Chemistry 1			
	9780655709398	Heinemann Chemistry 1, 6th edition Complete Pack (Student Book/eBook with Assessment/Skills & Assessment Book)	\$119.95
	9780655700067	Heinemann Chemistry 1, 6th edition (Student Book/eBook with Assessment)	\$94.95
	9780655700159	Heinemann Chemistry 1 Skills and Assessment book	\$34.95
	9780655700159	Heinemann Chemistry 1, 6th edition eBook with Assessment	\$64.95
Heinemann Chemistry 2			
	9780655709381	Heinemann Chemistry 2, 6th edition Complete Pack (Student Book/eBook with Assessment/Skills & Assessment Book)	\$119.95
	9780655700098	Heinemann Chemistry 2, 6th edition (Student Book/eBook with Assessment)	\$94.95
	9780655700272	Heinemann Chemistry 2 Skills and Assessment book	\$34.95
	9780655700302	Heinemann Chemistry 2, 6th edition eBook with Assessment	\$64.95

Prices listed are the publisher's list prices only and are subject to change without notice.

The eBook for Heinemann Chemistry 1 & 2 6th edition is valid for a maximum period of 27 months from the date of activations.

#### Freight and handling

- Firm orders under \$400.00 incur a \$9.00 freight charge.
  Firm orders \$400.00 or over incur a \$24.00 freight charge.
  Delivery will be within 14 days of receipt of any order
- Order online at <u>pearson.com.au</u> for free freight.
