

General Idy Ot spoke into the Talk-Pod. "This is your general speaking. Can you see the Black Hole?" Words showed on the wall screen.

LIKE, YEAH. EASY AS.

General Idy Ot's monstrous mouth smiled. "Good!" he said. "Now our Planet Klog can learn how to be the top planet in the whole universe!"

The soldiers pumped their purple paws in the air.

"We know that Black Holes have huge power," said the general. "We have seen them swallow stars and planets. We need to study this power. Now the *Star Wreck* will fly into this hole. It will find this power. Then Klog will rule the whole universe!"

The soldiers thumped their feathered feet. New words came onto the screen.
