

Simplify and energise Science

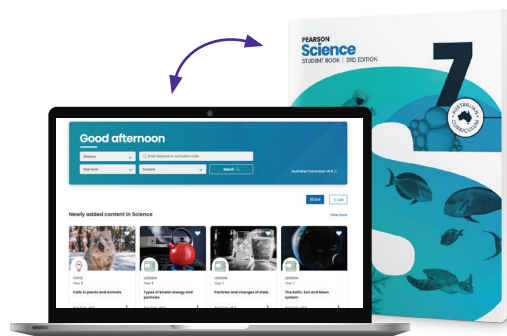

With Pearson Science 3rd edition for the Australian Curriculum 7–10 Science V9.0

NEW

Simplifying teaching with explicit strategies proven to enhance learning for science

Pearson Science provides a complete course of ready-to-teach lessons built on explicit teaching strategies, seamlessly connected across offline and online resources. It includes prior knowledge check-in questions and modelling of new learning through worked examples. Each lesson is organised by learning intention and then chunked into success criteria to help manage the cognitive load of your students to maximise learning outcomes. Check your understanding questions allow you to assess whether the success criteria have been met.

Teach digitally in class or at home with real-time assessment

The **Digital Hub** is perfect for front of class teaching or for use in a flipped classroom model. You'll find a library of quality content, videos, worked examples, quizzes and more, broken into bite-sized, curriculum-aligned topics and lessons for Years 7–10. Each new skill has formative assessment to check student understanding, giving students and teachers immediate feedback of student progress.

Check your understanding

Question 1

Indicate whether the following statements about cells in our body are true or false.

	True	False
Red blood cells need to be able to move around the body to carry out their function.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
All cells in our body have only one specialist function.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Different cells in our body contain different DNA.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Fatigue can be caused by not enough oxygen being transported by the red blood cells.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
A lack of white blood cells can lead to a person catching an infectious disease.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Nerve cells need to be connected to other nerve cells to carry out their function.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

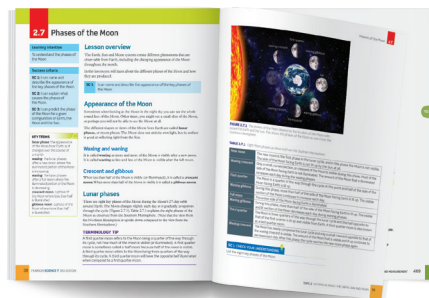

Student view

Students	Score	1	2	3	4	5
Charlie Pickering	47%	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Alicia Jones	22%	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Mary Jane	33%	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Isabella Gargner	50%	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Isaac Phipps	22%	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Reduce screen-fatigue and distractions with Student Books and Student Companions

Student Books written by experienced Australian classroom educators offer the same lessons as those in the Digital Hub, giving you the flexibility to close the laptops when you want to, and help your students focus. **Student Companions** are write-in texts that facilitate guided practise and consolidate learning across the year.

What's included with Pearson Science 3rd Edition for Years 7–10?
