

Pearson Economics 2027 New South Wales

Reflecting every NSW syllabus change and content requirement, the new editions provide complete alignment and a clear pathway to implementation, while continuing to incorporate the latest economic data, contemporary examples and current case studies.

Student Books

Clear, syllabus-aligned content, scaffolded worked examples and targeted skills practice help students build understanding and confidence. Revision support, exam-style assessments and extension activities reinforce learning for all students.

eBooks with AI study tools

Providing extra support for independent learning, revision and exam preparation, AI Study Tools are available within the new eBooks. They complement teacher instruction with personalised explanations, summaries and practice questions grounded in trusted, syllabus-aligned content.

Workbooks

Build understanding and confidence with targeted HSC-style practice, including multiple-choice, short-answer and extended-response questions. A full Year 12 practice exam, plus extension, research and class activities, help students deepen their understanding of challenging concepts and develop exam technique.

Webinar

Navigate the New NSW Economics Syllabus with Confidence

The NSW Economics 11–12 Syllabus (2025) introduces a new structure, refreshed concepts and clearer expectations for students. In this webinar, authors Tim Dixon and John O’Mahony unpack the changes and share practical context to help teachers prepare.
